BOARD OF TRADE.
EDITOR REFLECTOR:
The Reflector continues to reflect, but with all its reflections it does not seem to cast the rays of reflection sufficiently strong upon the business portion of Greenville's anatomy to interest enough to organize and establish a board of trade.

NEGRO PRISONER ESCAPES.
A negro escaped from the county chain gang a few nights ago. The strangest part about his action is that his sentence was nearly out and in a day or two he would have been released.

BIG SALE.
The tobacco market had one of the old time big breaks today. All the warehouses had large sales, the total running about 150,000 pounds.

STEMMERS STARTED.
The tobacco stemmers here have started up their stemming departments and this is going to mean much for the business of the merchants. The stemmers employ a large number of hands and the wages these receive increase trade.

BOUGHT PANACEA SPRINGS PROPERTY.
A company composed of T. W. Harris, of Littleton and G. S. Prichard and A. F. Kennedy, of Greenville, has purchased the Panacea Springs property near Littleton. They will develop the property, build a large hotel at the springs which will be reached by trolley line from Littleton, and place the mineral water from the springs on the market.

MISS KING ENTERTAINS.
Complimentary to Miss Archbell, of Kinston.
On August 17, 1906, Miss Mattie Moyo King delightfully entertained in honor of her guest, Miss Marguerite Archbell, of Kinston.

NEW HOPE FOR COTTON GROWERS.
There has been no recent publication better calculated to encourage Southern cotton-growers than yesterday morning's arrival in San Francisco of a prominent Japanese with information that while Japan has not used over a million bales of cotton only one-fourth of it came from the United States, whereas the great superiority of India and Asia is now recognized and all first class cotton weaver are coming to use it.

THE CONVENTION
Excellent Order for so Large a Crowd
Pitt county has never before witnessed such a political convention as met here Wednesday. People from all sections of the county were here and the court house was crowded, even the gallery being full. In all the crowd in the court house and on the streets during the day not a drunken man was noticed and there was no disturbance of any kind. Not an arrest was made by the police.
Such a condition with so large a crowd is commendable. The Reflector is frank to express the belief that the cause for this can be attributed mainly to Greenville having a dispensary instead of open saloons. Surely we do not remember to have ever seen a large convention here when saloons were in existence that was not marked by more or less drinking and disorder. Under the new order of things conditions are improved in every way.

MISS FRANCIS BAGWELL ENTERTAINS.
Complimentary to Miss Helen Jenkins, of Gastonia, and Miss Nora Howerton of Halifax.
One of the most enjoyable receptions given here in some time was given Thursday evening by Miss Francis Bagwell in honor of her guests Miss Helen Jenkins, of Gastonia, and Miss Nora Hampton, of Halifax. The home was beautifully decorated and never looked prettier than on this occasion. Miss Frink Wilson received with Mrs. Bagwell at the front entrance and gave all a hearty welcome. Miss Rosa Wells received in the parlor and introduced all to the guest of honor. Miss Jenkins and Mr. J. Hart James served punch in the rear hall which was tastefully decorated with potted plants, palms and other flowers. Japanese lanterns shaded by the dark red shades made a scene almost like a Japanese garden, which was a favorite spot all during the evening.
The porch was also decorated and one of the largest in Greenville, added much to the pleasure of the evening. The dancing in the order and lasted till eleven, after which a very amusing contest was passed among all present, consisting of 33 different numbers, one number was the name of a well known citizen, and you were required to draw a picture of the animal your number called for, on a small cardboard which was given, then the boards were passed all around and you had to guess the names of the different animals drawn by the guests. This contest was rather a novelty and afforded much laughter and pleasure. It was found that Miss Rosa Wells, of Wilson, was entitled to the prize and was presented with a beautiful box of paper by Walter Wilson, Jr. Miss Janie Tyson sang great many selections one of which was "Dearie" which took down the house. Miss Tyson has a strong clear voice and her singing was very much enjoyed.
(The guests were invited in the dining room where delicious loaves were served. The following guests were present: Miss Helen Jenkins, of Gastonia, Nora Howerton, of Halifax, Rosa Wells, of Wilson, Frances Bagwell, Alice Bow, Janie Brown, Janie Tyson, Mary James, Mae Schultz, Margaret Skinner, Ethel Skaner, Mary Cobb, Alice Lang, Frank Tunstall, Miss Anderson, Frank Wilson, Frank Skinner, J. Best James, Walter Wilson, Jr., W. E. Goolsby, Alex. Blow, Argall Vick, David James, W. G. Ward, Cary Warren, Burney Warren, Chas. Tunstall, Mr. Black, Mr. Penick, Jack White, John Shelburn, Mark Williams, John Ivory Smith, Mr. Chapman, Ben Higgs, Jack Saunders, Jack Goodwin, Fred Forbes, Duck Horne.

POWER OF THE SUPREME COURT.
In England one-third of the revenue is derived from the superfluities of the very wealthy by the levy of a graduated income tax and a graduated inheritance tax, increasing the per cent with the size of the income system and force civilized countries. In men would the hereditary tax, a tax on the people, speaking their Congress, and with approval of their Executive, cannot put in force a single measure, of any nature whatever with assurance that it shall meet with approval of the courts; and its failure to receive such approval is fatal, for, unlike the veto of the Executive, the unanimous vote of Congress (and that income tax came near receiving such vote) cannot avail against it. Of what avail shall it be if Congress shall conform to the popular demand and enact a "Rate Regulation" bill and the President shall approve it if five lawyers, holding office for life and not elected by the people shall see fit to destroy it, as they did the income tax law? Is such a government a reasonable one, and can it be longer tolerated after 120 years of experience have demonstrated the capacity of the people for self-government? If five lawyers can negative the will of 100,000,000 of men, then the art of government is reduced to the selection of those five lawyers--Hon. Walter Clark, in Watson's Magazine.

SERIAL STORY.
The Reflector has complied with the request of some of its readers and is going to give them a serial story. This story which will begin next Monday will appear in both the daily and semi-weekly editions of the paper. Of course it costs us money to give our readers such a story, but if they want it and appreciate it we will make such stories a feature of the paper hereafter. If you enjoy the story let us know it and ask them to become subscribers to The Reflector. We will keep a few extra copies of the paper containing the story so those who subscribe after it begins can get all of it. Now let us start.
The electric power afforded a splendid opportunity to those wanting power to operate small enterprises. If you try electric power once, you will never think of using gas or steam engines any more.

NORTH CAROLINA GENERALS.
Names of Those Who Served in the Civil War.
Thirty-three generals were appointed from North Carolina in the war between the States. Perhaps more than forty native born Tar Heels reached the rank of general in the armies of the Confederacy. Among those born in this State who served in other States were Braxton Bragg, C. M. Wilcox, J. F. Gilmer, G. I. Rains, Felix Zollicoffer, Ben McCulloch. There were others. Of the generals appointed from North Carolina were lieutenant-generals: T. H. Himes and D. H. Hill. Six were major-generals: W. H. C. Whitling, Robert Ransom, W. D. Pender, R. F. Hoke, S. D. Ramseur and Bryan Grimes. Twenty-five brigadier-generals: R. C. Gatlin, L. L. O'B Branch, J. J. Pettigrew, J. G. Martin, T. L. Cragman, G. A. Anderson, Junius Daniel, J. H. Lane, J. R. Cook, R. B. Vance, A. M. Scales, M. W. Ransom, L. S. Baker, W. W. Kirkland, R. D. Johnson, J. B. Gordon, W. R. Cox, T. F. Tompkins, W. G. Lewis, Rufus Barringer, S. D. Barry, A. C. Goodwin, Wm. McKee, Collett Leventhorpe, W. P. Robert, all named in the order of their appointment. Of the thirty-three named, nine were killed.--Greensboro Record.

MISS KING ENTERTAINS.
Complimentary to Miss Archbell, of Kinston.
On August 17, 1906, Miss Mattie Moye King delightfully entertained in honor of her guest, Miss Marguerite Archbell, of Kinston. The guest was received in the hall by the charming hostess assisted by Miss Margaret Blow, then ushered into the back hall where punch was served by Miss Archbell and Chas. Haskett.
They were then invited into the parlor where many instrumental selections were rendered by Misses Warren, Smith and Carr. Also Miss Ella Wells, of Wilson, favored the guest with a lovely recitation which was enjoyed by all present.
A very interesting contest was then held in the library. Carl Wilson being the lucky one received the prize, which was presented to Miss Archbell by Norman Warren.
A very dainty salad course was served in the beautiful dining room the color scheme being pink and green.
As it was nearing midnight the guest departed, declaring they never spent a more enjoyable evening. Those present were Misses, Mattie Moye King, Marguerite Archbell, Lillian Carr, Mary Smith, Mary Shelburn, Lucille Cobb, Margaret Blow, Ella Wells, Lillian Burch Allie E. Green, Henni Whichard Sasse Warren, and Willie Wilson, Norman Warren, Charles Haskett, Lee Shelburn, Oscar Cecil Cobb, James T. Ober, Wilson Greene, Bascom Wilson.

REDUCING THE SERVICE.
Some weeks ago the Postoffice Department ordered the discontinuance of rural delivery route five from Wilson. The Times criticized that order, and people signed a petition against the wrong, and Hon. Claude Kitchin took up the matter with the department with his customary earnest desire to serve his constituents. The result was that the order was cancelled but the route is changed to a tri-weekly route. Half a loaf is better than no loaf, but the day of tri-weekly mails has gone by. Daily delivery, as necessary today as a weekly star route was twenty years ago. About the only return the people of this State in the rural districts get for the big federal tax they pay, much heavier than State tax, is free rural delivery. They are entitled to as many routes as Indiana or Wisconsin should have them. Rules that reduce this service, while not thickly settled sections, ought not to be put in operation.--News and Observer.

Negro Prisoner Escapes.
A negro escaped from the county chain gang a few nights ago. The strangerst part about his action is that his sentence was usually out and in a day or two he would have been released. Now if he is captured he will get another sentence for escaping.

Big Sale.
The tobacco market had one of the old time big breaks today. All the warehouses had large sales, the total running above 150,000 pounds. It took far in the afternoon to get through. Prices were entirely satisfactory and the farmers well pleased.
On Friday's tobacco break some price went as high as \$52 per hundred.
Let us remind you to keep your eye on Greenville.

BUY PANACEA SPRINGS PROPERTY.
A company composed of T. W. Harris, of Littleton and G. S. Pritchard and A. F. Kennedy, of Greenville, has purchased the Panacea Springs property near Littleton. They will develop the property, build a large hotel at the springs which will be reached by trolley line from Littleton, and place the mineral water from the springs on the market.
The tobacco factories here have started up their steaming departments and this is going to mean much for the business of the merchants. The steamers employ a large number of hands and the wages these receive increase trade. We were out at the Imperial factory Friday afternoon where 125 steamers are already at work and more will be added as fast as they can be secured. Other factories will also employ many hands.

Truth in Preference to Fiction

GREENVILLE NORTH CAROLINA TUESDAY, AUGUST 21 1906

Texas has lined up in the Bryan column. The big state is all right.

It is all over now except counting the votes on election day and swearing in the officers.

Everybody may not be exactly satisfied, but it goes without saying that the majority got what they wanted.

The campaign for governor in Georgia has grown so warm that the candidates have gone to suing each other.

Yes, there is a sentiment against lynching. But it is to be observed that lynching goes right on whenever a mob takes the notion.

Just suppose you could get up as much enthusiasm for good roads as was manifested for candidates in the nominating convention Wednesday.

A candidate certainly ought to appreciate the way folks howl and hurrah for them in nominating conventions. But it is so soon forgotten.

The Reflector will be open at all times for the announcement of candidates (at the usual rates) for two years hence. Don't all speak at once but be in time.

While recommending jury reforms and other improvements about courts to the attention of the next legislature, it is not out of order to suggest that there should be some remedy for judges being out of place and not beginning a term of court at the proper time.

Editor W. C. Dowd, of the Charlotte News, and Editor W. K. Jacobson, of the Washington Progress, have been nominated for the legislature by their respective counties. Mr. Dowd is a candidate for Speaker of the House and stands a good chance for success. The House could not have a more able speaker.

The demands of the labor unions are reaching the ludicrous point. Down in New Orleans is a news carriers union that is undertaking to set the hour at which afternoon newspapers shall be published and to regulate the number of pages such papers contain. First thing you know they will be wanting to say how many chews of tobacco the proprietor may take a day.

Speeches of acceptance did not get to a hearing Wednesday. Of course those who failed to get nominations never brought theirs to light, and even the nominees were cut off by the convention adjourning after completing its work. In fact, it was not a speech making convention any way, not one in the entire proceedings consuming as much as five minutes time. But it was warm and noisy a plenty.

Sound him where you please and you will find Governor Glenn all right.

They are talking about the county convention yet, what a big affair it was.

With large tobacco breaks and the price high, more money ought to get in circulation.

Don't hold your money. Pay what you owe and enable other people to pay what they owe.

If such a big Democratic convention in Pitt county leaves any comfort to the Republicans they are welcome to it.

ADDRESS TO COTTON FARMERS.

President Moore Urges Active Work and a Correct Report of Crop Conditions.

To the Editor: In the forty eight counties in North Carolina, organized into the Southern Cotton Association, there was an executive committee of five good men elected and to them I look for the success or failure of the organization in their respective counties if this committee are alive and alert to the interest of the cotton grower then the organization in their county is a success.

This committee was instructed to have a statistical committee in each township to make monthly condition reports on the growing crop and on sales of cotton in the hands of the growers.

It is the greatest importance that we have an honest, truthful report from every township in the State by the first day of September. This report should give the crop condition up to August 25th, also amount of old cotton in hands of farmers and merchants.

This is a matter that every North Carolinian is deeply interested in and I beg the help of every individual in my effort to secure the exact facts.

The city, town and county merchant can be of great assistance to me if he will look after the statistical committee of his township and urge them and assist them to get up this report and send to secretary T. B. Parker, Raleigh, N. C., by the first of September.

Early in September the several State Presidents will meet at Hot Springs, Ark., for the purpose of finding the true cotton and its value to the cottoning world. Representing the interests of North Carolina, I wish to go to this meeting of the Southern Cotton Association, with a full understanding of the true conditions as seen by those most interested in the price we are to receive for our crop.

There is no time to be lost. Every township should hold a meeting on August 24th or 25th, every farmer, merchant, mechanic, doctor, preacher and lawyer is interested in the price of cotton, and every one should attend this meeting of his township division.

Let the person who is interested in this matter at once advertise for a full meeting for his township. Remember that "what is everybody's business is nobody's business." Therefore, reader, it is "up to you" to get busy right now.

The press of North Carolina has been exceedingly kind to me and has given me much assistance in my work, therefore, I do not hesitate to ask the paper-published in the cotton counties to do me the kindness to reproduce this call for a general consultation of a matter that is of such great importance to our State, C. C. MOORE, Pres. N. C. Division Cotton Assoc.

Liquor sentiment, liquor distilleries, liquor stores all have their accompaniments. They enrich the soil in which wickedness grows strong and lawlessness fortifies itself. It need surprise no one that the two most dastardly lynchings that ever stained the State or the South, the more dastardly because so conspicuously excruciating, are to be set down to the demerit of two whiskey towns in a temperance state. Their neighbors have a right to hold it against Wadesboro and Salisbury that they are in the business of debauching with drink their own people and the stranger who comes within their gates and that they cannot preserve order within their own boundaries! When a community votes for distilleries and bar-rooms it votes for the things that go along with them.—Gastonia Gazette.

We thought from its name that High Point must be a high town. But the town was so flooded with a tremendous rain the other day that a young lady came near getting drowned on the street and people were driven from their offices by the water. So it looks like the name means nothing.

South Carolina has followed suit again. A negro was lynched in that State in spite of the governor's presence and his pleading with the mob to desist in their murderous purpose.

It is given out in Washington that North Carolina dollars are going in very slow to the Republican campaign fund. The crowd in this State will be pulling for the money to come back this way.

The B-rooking rapid Transit railroad company is now having trouble of its own. It has made enough trouble in the past for people who dabbled in its stock, and doubtless the victims are not crying over the turn of the tide.

If the people living along the rural free delivery routes want to keep these routes in operation they should take more papers. The surest way is for every farmer on each route to take a daily paper. In that way they will benefit themselves and also help maintain the route.

Every one who deals in diamonds knows that their value of increase in weight is not based upon any ratio. That is, a diamond of one carat weight is not worth one half, the stones being equal in all qualities, so a diamond of two carat is worth more than twice, and the three carat is worth more than the ratio of weight indicates over the one and two carat stones.

This increase in ratio of values, is found in advertising space, and a Wisconsin professor is the authority, who has found by inquiry among the users of ad space, that a one page advertisement was not twice the value of a half-page advertisement, as might be imagined, but twenty-five times the value; that a half-page was fifteen times the value of a quarter-page, and a ten line ad announcement, in comparison even with a quarter-page advertisement, was not to be mentioned at all.

Like diamond values, the big ad space seems to command the prestige that a two carat diamond will command over a one carat. It impresses every one that there must be great value behind the quarter or half page ad which the liner or one inch ad cannot command.

Take the great display ad in the newspaper, two to ten times the size of the other ads in the same newspaper, and its striking size makes itself felt upon the readers of the paper, and the result is seen in the crowded store where people push each other along or aside, in order to reach the goods enumerated in the great ad.

Treating Wrong Disease.

Many times women call on their family physicians, suffering as they imagine, one from dyspepsia, another from heart disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-hasty doctor, who, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some organic disease. The physician, by encouraging this practice until large bills are made, is suffering himself to get no better, but probably worse, by reason of the delay, wrong treatment and consequent complication. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause, would have entirely removed the disease, thereby dissipating all these distressing symptoms, and insuring comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects in any condition of the system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop girls," traveling and nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and nutritive tonic.

As a soothing and strengthening nerve "Favorite Prescription" is unequalled and is invaluable in its delicate and soothing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and dependency. Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

DUKE MAXIMILIAN.

The Only Money He Ever Earned as a Musician.

The following amusing incident is related of the Duke Maximilian, who was a great lover of the zither, a singularly plaintive instrument and the national guitar of the German Alps. During the summer he delighted in wandering over the mountains in the garb of a common hunter, armed with a rifle, and the zither hanging around his shoulders. During one of these excursions he sat down on the trunk of a tree and awakened the echoes of the opposite mountain of hills. Concluding he was alone, he retired long in the sweet sounds. When, however, a peasant who had been his host for several days, and who had been his faithful follower, came upon him, he addressed the duke in the dialect of the country, as follows: "Then, indeed, some play it so cleverly, now come with us and we will dance to the tune. We will pay for as much beer as thou canst drink."

"Thank you," replied the duke, "but I do not thirst, but I shall certainly go with you," which he did. He played for more than two hours. "The fun down there!" said one of the peasants, "but not till thou hast played the new dance composed by Duke Maximilian. It is the most exquisite piece of music I ever heard. Play it and I'll give thee 24 brandies."

The duke complied with the request, took his zither and they departed, when one of the peasants made the following speech to the duke and their partners: "My dear comrades, permit me to tell you that you are all asses. Every one of you plumes himself on his knowledge of the zither, and none of you while hearing the best player in the land recognized Duke Max. I did at once."

The peasants, still more delighted with the condemnation of their illustrious friend, ran after him, flanked him and got the promise that he would play for them once more.

"As to the 24 brandies," the duke said, "I will keep them. They are all I have ever made by playing my zither."

CITY AND COUNTRY WOMEN.

"The city woman who belongs to what is called the middle economic class gets more outdoor life and develops better physically than does the country bred woman of the same financial condition," said Professor Graham Taylor at the Institute of Social Science. "The woman in the country lives much more time indoors than is commonly supposed."

THE FIRST ICE CREAM.

The oldest of introducing ice cream into this country is one which, in the opinion of the country element at least, is the only good quality of the product. It is the "Philadelphia" style of ice cream. It was first introduced by a Frenchman, who was the proprietor of the famous "Ice Cream Parlor" in Philadelphia. He was the first to introduce the "Philadelphia" style of ice cream into this country. He was the first to introduce the "Philadelphia" style of ice cream into this country.

HUNDREDS OF HORSES DIE IN HYDE. The terrible condition of affairs regarding the deaths of hundreds of horses in Hyde county and other counties in the east, told of some days ago in this paper, is corroborated by Dr. G. A. Roberts, Assistant State Veterinarian, who has just returned from an investigation.

There is progress and development going on in nearly every section of the State. Those sections that do most to advertise their resources and advantages attract most good settlers and the attraction of most capital.

Its business men now propose to send to the next State Fair an exhibit of the resources of the county. It will be attractive and accelerate the prosperity of the town and city.

That was a good day's work done by the county convention Wednesday. An excellent ticket was nominated, and it is one every Democrat in the county can support. The ticket is as follows:

The Corset is The Foundation

Upon which all women should build their appearance. Those who desire to make the best appearance possible are most careful in selecting their corset, realizing that the best result can be attained only when the corset is right, right in fit—right in shape.

We had one more fair day yesterday, and a little cooler, too, which gives a big old fat fellow a chance to sleep well, if he will doze the room so the flies can't get on his nose and ears to serenade him, and wake him up mad as a hornet, wishing all the pests-fellows "Devils" were in the hot part of Kingdom come.
