

HUNDREDS OF HORSES DIE IN HYDE

The terrible condition of affairs regarding the deaths of hundreds of horses in Hyde county and other counties in the east, told of some days ago in this paper, is corroborated by Dr. G. A. Roberts, Assistant State Veterinarian, who has just returned from an investigation.

WILMINGTON'S EXAMPLE.

There is progress and development going on in nearly every section of the State. Those sections that do most to advertise their resources and advantages attract most good settlers and the attraction of most capital.

THE TICKET.

That was a good day's work done by the county convention Wednesday. An excellent ticket was nominated, and it is one every Democrat in the county can support. The ticket is as follows:

OVERDOING THE THING.

The attempt to make the men who lynched the men at Salisbury residents of other counties than Rowan is being overdone. The people of Rowan are as good as the neighbors and no worse and no better.

New Ice Firm.

All ice will now come from the factory. Prices as follows: 10 cents for 100 pounds by retail, 35 cents for 100 pounds by bulk.

RUISER NORTH CAROLINA.

The New United States Navy Vessel Will be Launched October 6th, at Newport News.

The armored cruiser North Carolina will be launched at the Newport News, Va., shipyards, October 6. Announcement to this effect was made at the navy department and it is said that in all probability Governor Glenn would be asked to name the sponsor who will christen the man-of-war.

A knotty problem to be solved will be the selection of the liquid that the christening bottle will contain. Naval folks as a rule hold to the time-honored champagne bottle on occasions such as the North Carolina is to experience in October, but already there is talk of a demand upon the part of the governor that he insist upon the substitution of water for wine on the christening event.

Seeking Shelter.

When the hard rain came up Saturday afternoon several teams were standing along the streets. A mule hitched to a buggy got tired of being pelted by the downpour, mounted the sidewalk and started to take shelter under an awning where the owner had got out of the rain.

Special Court.

The special term of Pitt Superior court will begin next Monday with Judge Shaw presiding. The white cap case is the principal one for trial at this special term.

Maniage License.

COLORED.

Jno. McCrete and Fannie Kirtrell.

Won't Make Seed.

Messrs. W. H. Ricks and W. P. Edwards drove through the country to Siler's ridge the other day, and were struck with the poor crop prospects. They tell us that one 21 acre patch of corn noticed carefully will not yield as many grains as were planted.

Real Estate Deals.

T. E. Hecker has purchased the Gritmer lot on Pitt street, just north of R. J. Cobb's residence, and will build there.

F. V. Johnson has bought of R. O. Jeffrey the vacant lot on Ninth street where the latter's tobacco warehouse was burned a few years ago.

AROUND GRIFTON.

Vanderbilt Tells What is Going On, Grifton, N. C. Aug. 21, 1906.

We had one more fair day yesterday, and a little cooler, too, which gives a big old fat fellow a chance to sleep well, if he will doze the room so the flies can't get on his nose and ears to serenade him, and wake him up mad as a hornet, wishing all the pestiferous "Devils" were in the hot part of Kingdom come.

We were at St. John's church Sunday and attended the funeral of the infant of Mr. and Mrs. Walter F. Harding. A tiny rose from heaven planted on earth for a few months, has been called back home to glory and to God, a living cherub, in His kingdom to live forever under the smiles of a loving Savior.

We went from St. John's to Salem church and heard the latter part of Bro. J. B. Jones' sermon. We did not hear his text but the subject of what we did hear was "Christian Love and Unity" and we were very much pleased with that part of his sermon.

We saw an old friend not long ago and he told us about a thrilling experience he had once with an "ole po som." Before day one morning about this time of year when he went out to feed some hogs soon, as he wanted to go somewhere the next day, he played with Mr. Opossum until the moon went down and it became dark so he made for home with his basket of corn on his arm, and had to cross a shallow branch about a 150 or 200 yards across, and pretty soon feeling his way on the foot logs he heard something say yow yow and felt a heavy body of something on his basket and he put out for the other side right in the middle of the road through the water.

LUCK OF A DRUNK MAN.

Neither Mule Nor Barrel Hurt Him.

Did you ever notice what close shaves drunken men sometimes have and come out unhurt? Monday evening one who had tanked up quite freely was on his way out of town in a cart. He was leaning comfortably against a barrel of flour, the neck of an extra bottle of booze was sticking out of his coat pocket, and he puffed away contentedly at a cigar.

ASSESSMENT ON RAILROADS. TELEGRAPH TELEPHONES.

The North Carolina Corporation Commission yesterday issued to the various counties of the State a statement of the total amount of the apportionment to each of the counties of the general assessment against railroads, telegraph, telephone, street railway, electric lights and gas light companies, these being the amounts on which the various counties are to assess taxes.

The entire assessment for all the counties amounts to \$76,50,548 and the aggregate of the amounts in the apportionment is about \$70,000,000, as the excess is listed in the counties. Besides this there is a privilege tax paid directly by the railroads into the State treasury, which amounts to \$18,000.
