reopened Wednesday morning. It appearing that the case was going to be a very long one, the defendant being tried on three different counts—breaking into dwelling house, conspiracy, assault and battery—in order to shorten the trial the State consented to accept a verdict of not guilty on the count of conspiracy and the court was asked to eliminate all the evidence introduced bearing on this count.

GREENVILLE NORTH CAROLINA TUESDAY, OCT. 2, 1906.

It is seldom an innocent man is punished, but the guilty that escape punishment are numerous.

Until the present jury system is reformed it is almost a waste of time and money to undertake the trial of a person charged with any crime of considerable magnitude.

While the other speeches were good, that of ex-Gov. C. B. Aycock in closing the argument for the State in the white cap case has never been surpassed before a Pitt county jury.

Ex-Gov. T. J. Jarvis uttered a great truth in his speech before the jury in the white cap case in saying when a man engages in the illicit sale or manufacture of whiskey he bids good bye to law and truth.

It looks very much like ex-Governor Aycock said in his closing argument to the jury in the white cap case: that a verdict of not guilty would be a declaration that every man in Pitt county would have to arm himself in defense of his own home, as he could no longer look to the law to protect him.

Judge Thomas J. Shaw has just closed a two weeks term of Pitt Superior court, the first he has held in this county. He is an able judge and has made a host of friends in this county. Judge Shaw was feeble when he came here to begin the court, and though the docket has been a heavy one he has held up well under the severe strain.

Before adjourning court Friday evening Judge Shaw remarked that he had witnessed more perjury in this court than had ever before come under his observation. He said if he had to hold another court here he would send some twelve or fifteen persons to the roads for perjury, as the county needs such an example. Judge Shaw said further that he was impressed with the fact that Pitt county is dominated by whiskey influence, and as long as this exists a reign of evil may be expected to continue. Judge Shaw's words are true, and should bring the blush of shame to the cheek of any self-respecting citizen of the county.

VERDICT OF NOT GUILTY

End of First White Cap Trial. The white cap trial that began Monday morning ended late Friday evening in a verdict of not guilty, five days of the court having been consumed on the case. Only one defendant, J. K. Barnhill, was on trial. The case was a strongly fought one from beginning to end, there being an able array of counsel on both sides. In all 105 witnesses were placed on the stand 40 for the State and 65 for the defense. The verdict of the jury was a miscarriage of justice, as the State established a clear case of guilt to any unbiased mind.

Four, stayed around Oakley that day and went to my father's and spent that night with W. J. Manning, came to Greenville Wednesday and went back to Oakley Wednesday night.

WHITE CAP CASE.

Interview of Teel in Reflector. I was first asked about the conversation by Mr. McElhannon yesterday. W. E. FLEMING. Live on road between Stokes and Oakley. Remember the night of the Teel assault. About 10 or 11 o'clock that night I met two men in buggy going towards Stokes, recognized one of them as Briley. They had passed fork of road leading toward Grindick.

Character of Fleming, preceding witness is good. I live on road between Stokes and Sheppard mill Jack Howell lives on my place, his character is good. Heard some one pass that night going towards Sheppard's, do not know what time it was or who the parties were. Mr. Thomas was telling me about the white capping some days later and that Howell said in presence of Fleming that Briley passed there some after 11 o'clock. From my house to mill is 2 miles, and to Stokes about 3 miles. I was subpoenaed by both State and defense.

Cross examined—Think Mr. Blow was first of counsel I talked with after getting here under subpoena. Thomas told me that Briley was accused of being in white capping. The buggy going by fast that night woke me up, it might have been after midnight or before.

I hitched up that Sunday morning about 9 o'clock and started to river to fish fry, met Woolard on road told me they caught no fish so I turned back and went to Hickory grove church. After church I went to Tom Williams to see Briley who I heard was there and asked Briley about some money he owed me. I went back to Oakley and in afternoon took a nap.

Later went with Woolard to Mrs. Williams and remained there until about 8 o'clock, then went out about my place of business where Briley asked me about getting a box of tobacco. Taylor boy came in and was talking about my puppy. On way from Mrs. Williams to Oakley Woolard and I got up with Whitehurst and rode as far as his house. While in my place Jenkins came in and Wynne came, several were there. After the others left Briley, Woolard and I closed my place and went out in front of Nelson's where we talked for some time while I was at Nelson's eating supper Zeb Whitehurst called me out Rogers wanted to borrow my buggy for next day. As Briley and Woolard drove off I asked Briley to get the money for me as soon as he could, they went towards Stokes. I then went to Williams and went to bed. After dropping off to sleep Ernest Carson came and wanted some liquor, it was not 12 o'clock so I did not let him have it. I had been staying at Nelson's before this. A colored man also came between 1 and 2 o'clock to get whiskey for his wife, it was Geo. Little. I stayed there all night and got up about day break next morning, went to Nelson's and changed clothes; went to Stokes about an hour after sun up to get hay, Wynne was with me. We examined hay at both Stokes and Perkins store, bought a ton from Perkins, put one bale of it on buggy and went back to Oakley. Train came along while we were in Stokes, Dr. Baskes got off train and went in his office, I went in there to get medicine for my throat. After getting back to Oakley about 10 o'clock I lay down across bed and slept an

Hon. George E. Hood, of Goldsboro, delivered a most excellent lecture on the principles of the Junior Order of United American Mechanics last night in the auditorium of W. H. S. After congratulating the town and commending upon its excellent school, he began his address by a beautiful description of fraternalism. Just as the flowers of the field and the myriads of stars differ in themselves yet there is a beautiful harmony in them all so does fraternalism lift men into a broad plain above the petty jealousies of life and binds them into one common sympathy and brotherhood. It goes into the homes of the poor and carries the needs of life in time of distress and also enters the palace and carries sympathy and brotherhood something that the human hearts long for and gold is unable to purchase.

Mr. Hood was the heart of all present in his masterly effort, and we extend to him a most cordial invitation to come into our midst again. "Laxo takes the place of Calomel," We sell it. B. T. WHITE CAP CASE.  
O. L. JOYNER

Teel spoke of matter in my presence soon after it occurred, said he recognized two of them. Teel described how they broke door open, dragged him off body and by means of matches struck by his wife he recognized the parties. REV. J. E. BRISTEW First time I saw Teel after trouble he said he knew one of the parties and thought he knew another. Have known Teel seven years, his character is good. D. S. ROLLINS. I have one wife from Sheppard mill, saw Barnhill that Sunday about 11 o'clock going towards mill and he returned before 12. I had just returned home and had occasion to look at clock. It is 9 miles from my house to Hickory grove. G. L. MOORE.

Saw Teel in Greenville a few days after the trouble and asked him about it; told me he recognized two of them but did not care to say who they were. He did tell me later they were Barnhill and Briley. Teel's character is good. Cross examined—Barnhill's character while he lived in my neighborhood was good, I knew him until he was grown. Character of Ollie Barnhill is good. MRS. W. J. TEEL. Recalled—Heard testimony of George Reddick and wife. I made no such declaration in their presence as they stated. George Teel and Frank Teel were also recalled and said no such statement was made by their mother. THEOPHILUS CARSON.

I have heard George Reddick say that he was summoned over here to April court, but that he went to the lawyers and told the u he knew nothing whatever about it. I got to Teel's about 3 o'clock the night of the attack. Teel showed me where he had shot in the house and I saw door broken. Crowd gathered and we followed first tracks out to old house, then followed buggy tracks around to forks of road leading to Oakley I went with Teel to Oakley that day, he has never said in my presence that he did not recognize any of them, but the first thing that morning he said he did recognize them. I saw the hats and caps at Teel's house. Cross examined—Heard there was preaching at Hickory grove that day, I did not go. Never heard of a negro church in that community. I will swear that we could plainly follow tracks of the buggies. I did not follow tracks beyond fork of road leading to Oakley because my son met us there and said that Mrs. Nelson had told him in Oakley that Barnhill, Whitehurst and Wynne had gone in their room that night, took off their Sunday clothes, put on old clothes and left saying there would be some mischief and white capping to take place that night. Because my son told this we did not follow the tracks further toward Oakley. I am first cousin of both Teel and Barnhill. J. N. HART.

Had conversation with Teel in Greenville soon after trouble, he told me a number of men broke in his house and how he defended himself; that his wife struck matches and his boy ran down stairs with gun, said he recognized two of the parties; and next day Teel told me he recognized Barnhill positively and was quite certain about Briley. At reopening of court Thursday afternoon the state recalled defendant Barnhill and asked if he would submit to an examination of his person by a physician, and Barnhill consented. Dr. E. A. Moye was selected to make this examination, and with certificate of counsel on both sides they retired for that purpose. (Signed this up penmanship)

THE WHITE CAP CASE.

DR. E. A. MOYE.

I have made a physical examination of body of J. K. Barnhill, found one scar about an inch above right nipple. The scar could have been made by any instrument that broke the skin; it could have been made by a pistol ball.

Cross examination of the scar is directly over the line of a pistol ball. The scar is directly over the line of a pistol ball. The scar is directly over the line of a pistol ball.

Recalled—I was in Oakley Monday morning after trouble, went to Joe Williams, who clerks for Barnhill, to get whiskey. Williams went to Nelson to get key from Barnhill.

Character of Teel is good. Sometimes after the white capping he told me he recognized two of the parties as Barnhill and Briley.

Teel told me recognized two of the parties, it was very soon after the trouble. His character is good.

Teel told me Wednesday following trouble in Greenville, seemed distressed and said he would tell me all about it later. Afterward he told me he recognized Barnhill and thought he recognized Briley.

W. C. Hines was recalled for defendant. He said the defendants were arrested the Monday

week following the trouble. I went with deputy sheriff to arrest Barnhill. After taking Barnhill in custody we went with him to his room to change clothes, in changing he bared his body from waist up; saw no fresh wounds on his person.

W. C. Hines was recalled for defendant. He said the defendants were arrested the Monday

W. E. SYMONS. I went out with sheriff to arrest J. K. Barnhill under a bench warrant; we went to Barnhill's room where he changed clothes, he removed both shirts, and was exposed to waist; saw no fresh wounds on his person.

This closed the testimony on both sides. Counsel advised the court that four speeches would be made on each side, and Judge Shaw advised them that the time consumed in argument should not exceed four hours on each side.

Ex-Gov. T. J. Jarvis made the opening address to the jury for the State, and said he knew it was by all odds the most important case that juries had ever assisted in trying. His made a strong speech of nearly an hour, and was followed by H. W. Whedbee, who made the opening speech for the defense.

At this moment, Friday, session of court opened, we were made by Messrs. Poul, Gillman and Emling to defense, and by Mr. James and Solicitor Moore for State, all being good speakers for their respective sides.

Gov. Aycock is the only one to speak this afternoon, when he will close the argument for the State to be followed by Judge Shaw's charge to the jury.

Pawnee Bill's Wild West Show.

The far east department with Pawnee Bill shows, which will be in Greenville Saturday, Oct. 6th, are more interesting than the public generally suppose.

From a historical standpoint a lesson can be learned that leaves a life's time impression, and those who have read of the Orient are given an opportunity of coming in contact with people who are only known to them as described by travelers and explorers. It is concluded by every one that it is the most complete assembly of strange people that have ever been brought together.

The work now being carried on includes a study of the geologic conditions which govern the occurrence of the underground water, a determination of the depths to the various water-bearing beds, and estimates of the quantity of water which they may be expected to yield.

There are others, particularly the South Sea Islanders, Fiji Islanders, Australian bushmen and Sandwich Island cannibals whose wearing apparel is not so gorgeous.

It is probable that sufficient additional data will have been collected by the field men this summer to enable the publication of a report during the winter. This report will avoid so far as possible; the discussion of technical questions, and the matter will be so prepared and arranged that those interested can readily obtain from it detailed information concerning the quantity and quality of the ground waters of any part of the area.

GROUND WATERS OF THE NORTH CAROLINA COASTAL PLAIN.

The coastal plain of North Carolina; stretching back from the Atlantic for a distance of 100 miles or more to the highlands of the Piedmont plateau, is a region of many great natural resources, none of which are more important from an industrial standpoint than the underground water supplies now in course of investigation by the hydrographic branch of the United States geological survey.

ROANOKE UNION.

Meeting With Greenville Baptist Church.

Saturday morning's session of the Roanoke Union was opened with devotional exercises by T. L. Vernon.

The moderator appointed G. L. Merrill, J. W. Nobles and G. J. Austin a committee on time and place of next union.

G. E. Lineberry, of Winterville, in the Neuse Association, was welcomed to a seat in the Union and asked to participate in the discussions.

J. W. Nobles, G. E. Lineberry, H. A. Willis, J. E. Ayscue, G. T. Lumpkin and G. L. Merrill made helpful and interesting talks on the subject of church discipline.

T. J. Crisp, J. T. Jenkins and J. E. Ayscue made some valuable suggestions on pastoral visiting.

The afternoon session Saturday opened with devotional exercises by T. J. Crisp.

The subject of revivals and methods in conducting them was discussed by J. T. Jenkins and G. L. Merrill.

G. T. Lumpkin spoke of the work at Farmville and a committee consisting of W. H. Ragsdale, Noah Biggs and T. L. Vernon together with A. G. Cox, of the Neuse association, was appointed to look into the advisability of securing a lot and building a house of worship there immediately.

T. L. Vernon discussed power in revivals and how to obtain it.

The subject of systematic giving was discussed by H. A. Willis, J. E. Ayscue and G. T. Lumpkin.

Associational missions was the subject before the Union at Saturday evening session. G. T. Lumpkin spoke of existing conditions among Baptists in Tar River Association and especially in the territory of Roanoke Union.

Sunday morning a mass meeting was held in connection with the Sunday school. The addresses were in the interest of the orphanage at Thomasville, by H. A. Willis, T. L. Vernon and G. T. Lumpkin.

Following the addresses a collection was taken for the orphanage amounting to some over \$60.

At 11 o'clock G. T. Lumpkin delivered an address on the subject of State missions.

In the afternoon the subject of foreign missions was discussed by T. L. Vernon, H. A. Willis and G. T. Lumpkin.

Sunday evening a sermon was delivered by J. T. Jenkins.

Throughout the Union the discussion on the different subjects were very interesting and the meeting was a profitable one in every way.

The sermons of Sunday were especially good and highly pleased the very large congregation. Rev. G. E. Lineberry is well acquainted with the situation in North Carolina. His sermon in the morning was instructive as well as inspiring.

Mr. Jenkins is well known throughout this and in other states for his power as an earnest and fervent preacher.

From the beginning to the end the Union meeting was interesting and full of enthusiasm.

The Baptists are growing rapidly in Eastern North Carolina, and with such well equipped young men as they have in the Roanoke Union they are certain to go forward with increased momentum.

THROW PREJUDICE ASIDE.

Farmers Should Use Their Common Sense.

The Farmers Consolidated Tobacco Company continues to maintain its fine record in leading the Greenville tobacco market on high prices. According to the report of the secretary of the Board of Trade, during the month of September there were sold on this market 2,839,000 pounds for \$262,102.17, an average of \$9.26 per hundred pounds.

Of this the Consolidated sold 981,164 pounds for \$91,722.62, an average of a fraction over \$9.35 per hundred pounds.

Deducting what the Consolidated sold from the total sales of the market leaves 1,858,496 pounds for \$170,379.55, an average of \$9.17 per hundred, which gives the Consolidated 18 cents per hundred, higher than all the other houses obtained.

A further analysis of these figures discloses the fact that this difference of 18 cents per hundred pounds obtained by the Consolidated put \$1,766.09 more in the pockets of the farmers who sold with this company than if they had sold with other warehouses.

At the same time it can be seen that this difference of 18 cents per hundred pounds on what was sold at other houses was a loss of \$3,345.52 to those farmers who did not sell with the Consolidated.

The figures speak for themselves, and the wonder is that the farmers go on losing money like this on a crop they have worked hard to make when they could just as easily save it. By the old adage "A dollar saved is a dollar made."

The benefit the Consolidated is to the farmers does not end with getting them higher prices than other warehouses, but all who are stockholders in it receive their share of the profits arising from the business in cash dividends at the end of the season.

In three years these dividends have aggregated 80 per cent, and this year will carry the total up to at least 100 per cent. It looks like every tobacco farmer ought to be able to see that it would be to his interest to have stock in the Consolidated and sell his tobacco through their warehouses.

When prejudice takes dollars out of your pocket it is time to throw prejudice to the winds.

The Farmers Consolidated Tobacco Company is admirably conducted on business principles, and it is the best organization for farmers that has ever yet been put on foot.

Will Speak in Raleigh. The Wake County Tobacco Growers' Protection Association will meet in Raleigh on the 6th, and O. L. Joyner, president of the Farmers' Consolidated Tobacco Company, has been invited to be present and explain the workings of his company.

This company is conducting the attention of farmers throughout the tobacco sections of North Carolina, and the J. J. Ragsdale received a number of requests to visit the association at other places. It is just what the tobacco farmer needs.

Miss Roberta Flanagan has been visiting in South town this week. Mrs. Lou Kline has returned from N. C. and other points.

BOAT PARTY.

Grimesland, N. C. Sept. 27, 1906. Tuesday morning Messrs. Ben Mayo and John Warren of Grimesland, gave a most pleasant boat party to the guests of Mrs. J. O. Proctor, Misses Palmetto and Julia Taylor and Fannie Hardee.

The boat left Boyd's Ferry for Washington where the hosts served cold drinks, fruits, etc., as an introduction to the magnificent repast to come. The barn yard fowls were the principal features of this occasion, and it was said that the generous host managed the disappearance of two entire chickens. The cake was exceedingly fine and every one took a generous share.

The party went on a sight seeing expedition at Bay Side where the principal sights were the numerous lumber mills.

From here they went to Aurora where they were met by Mr. John Mayo, who entertained them most royally at his home. The following morning was spent taking pictures and noting places of interest around this charming little village, where every one seemed interested in the pleasure of others.

From here they visited the historic little burg of Bath. After a good dinner at the Water's House, they went to see the oldest church in North Carolina, the Episcopal church. This venerable old structure has stood well the wear of ages and seems good for several decades to come.

From Bath they went to Washington and registered at Hotel Louise for supper. The carnival was the center of excitement and every one had at least one mouthful of the pink and blue paper.

From Washington the party had a beautiful moonlight ride back to Grimesland. The young people expressed themselves as having had a most enjoyable time.
