

GREENVILLE NORTH CAROLINA TUESDAY NOV. 6 1906

This month and one more, then we will rub out and start over.

November brings us two big events—election and Thanksgiving. Of course Thanksgiving comes after the election.

It is getting time for the Republicans to spring something else to try to make sympathy for their side.

It is practically all over now but the voting. Every Democrat turn out at the election and help swell the majority.

From what people are saying about the wash tub right seven-dies that are going, somebody is likely to get in trouble.

Reports that come up from the Republican speaking at Winterville, Friday, indicate that some of them are lying to the end.

Compare the men of the two tickets in Pitt county, and it ought not to take half a second to decide which one to vote for.

The Charlotte News is waking up the doctors of that city for issuing so many whiskey prescriptions. As usual the News is right.

The news of throwing away your ticket Tuesday by voting for a Republican. Every one cast that way will be as good as lost.

No, you need not be surprised at anything the Republicans say. They see their finish, and in their desperation are lost to a sense of truth, honor and decency.

Since Judge Purcell, of the Federal court, gave the New Laney jail such a drubbing, the county commissioners may get a lesson on themselves to improve.

Every now and then the Dukes on this side of the pond, and the Castellanes on the other side, bob up in the courts, and give the reading public a chance to talk about divorce in high life.

It is not news to again remind every Democrat in Pitt county to go to the polls and vote on election day. You fall short of your duty if you stay at home that day.

Democrats it is not a question of electing your ticket, but how large shall the majority be? Go out next Tuesday and help swell it.

Didn't happen in the South this time. Out in Franklin, Ohio, the town marshal was shot and killed by a negro whom he was trying to arrest. This incensed the white people of the town, who not only tried to lynch the negro who committed the crime, but also went about indiscriminately assaulting negroes and then out of the town.

The man convicted of murder at Roanoke, Va., and laughed when sentence of death was passed upon him, certainly had his nerve handy.

Murphy, the Tammany leader, is threatening to sue all the newspapers that have been cartooning him. He must want to occupy most of his time in court after the election is off his hands.

Of course Republican leaders want to make as good a showing as possible at the election. Tuesday so as to stand in with the administration at Washington when it comes to distributing Federal patronage. That is about all the ticket in this county is running for, as no one on it expects to be elected. They have lost the bulk of the negro vote, therefore are doing all they can to get enough white men to vote with them. Are there any white men in Pitt county who want to take the place of the negroes in Republican ranks?

The Lexington Dispatch asks what is the use of worrying with the Republicans every campaign, and adds that the Democrats should roll up such a majority in 1906 that the Republicans will never be heard of again. That is just what we ought to do for them here in Pitt county. The Republicans did not start out

Of course you boys and girls all know how to play jackstones, but you may not know all the games that can be played with these stones. Do you know "Cats in the Well," for instance? It is played in the following fashion: Roll the jacks from the hand to the ground; these are the cats. Then place your left hand near them, with the first lightly closed, the thumb and first finger forming the opening to one well. Jack may now be thrown up, and, while he is in the air, one of the four cats on the ground must be picked up and put in the well. Repeat the operation with the second, third and fourth cats until all have been dropped in the well. The left hand may now be taken away, leaving the dead cats in a trench. Now jack may be tossed up, and this time all four cats must be picked up before jack comes down. Shakespeare or Shakespeare? It is not to be wondered at that boys and girls are sometimes puzzled over the spelling of the great poet's name. There are three different ways—Shakespeare, Shakspeare and Shakespere. Which of these is right? The first is generally preferred, though many of our best scholars write it Shakspeare, contending that it is right because his autograph signature appears in that form. At the same time it should be remembered that the name appeared as Shakespeare on the title page of books that he superintended, and this warrants the belief that he accepted it as the correct spelling, in spite of the autograph signature. There is very little authority for the form Shakspeare. Ten Square Feet. Some of the schools have a simple so-called "ten square" question that is much in vogue among the pupils at times. It is, "What is the difference between ten square feet and ten feet square?" Now then an unvarying boy or girl trips over it and answers, "There is no difference," but a little thinking shows them that there is a good deal of difference. Ten square feet means an area equal to a parallelogram measuring ten feet on one side and one foot on the other; the parallelogram contains, therefore, only ten square feet. Ten feet square, however, means a square measuring ten feet on each of its sides, which, therefore, contains 100 square feet. Tommy's Doubtful Compliment. A teacher was instructing a class of boys, and had spent half an hour trying to drive into their heads the difference between man and the lower animals, but apparently with little success. "Tommy," he said, coaxingly, to a little boy, "do you know the difference between a man, a pig, or any other beast?" "Well, sir," answered Tommy, innocently, "the man is a teacher standing by himself."

NO MONEY IN THE TREASURY. President C. C. Moore and Secretary T. B. Parker Far Behind in Their Salaries—No Relief in Sight Assessment Not Paid. The financial condition of the North Carolina division of the Southern Cotton Association is decidedly poor. President C. C. Moore has been laboring day and night for almost a year to build up the State organization and so far has received but \$300 for his services. His salary is \$2,500 per year. Secretary T. B. Parker was to receive \$1,000. He is yet to draw his first dollar of salary. There is nothing in the treasury and the prospects are rather slim for much in the future. No effort has yet been made to pay the State assessment of \$1,800 for the support and maintenance of the national organization. The South Carolina division has already paid its assessment of \$2,300 in full. North Carolina has not even made a start.

FOUND PURSE. It Fell in Good Hands and was Returned to Owner. Mr. Jesse Speight was returning from Washington, Saturday evening and as he was about to get off of Capt. Ellsworth's train at Parrale, picked up a purse in the aisle. The purse contained \$60. Mr. Speight reported the matter to Capt. Ellsworth and asked him to make inquiry for the owner. This Capt. Ellsworth did on his way back to Washington and found that Mr. H. S. Conleton, of Whichard, was returning home from Baltimore and changed cars at Parrale, had lost the purse. Mr. Conleton came over to Greenville today for the purse and was very glad that it had fallen into good hands.

AFTER BLOOD HOUNDS. Constable Savage Leaves This Morning for Greenville, N. C.—Will Return on Tuesday. Constable W. B. Savage leaves this morning for Greenville, N. C., to get the blood hounds recently purchased by the county. A full grown dog, and he is said to be well trained, has been purchased and also two puppies which are six months old. All are fully blooded hounds and when they are brought to the city the negroes had better watch out when they get it in their head to commit murder. There were so many murders and was found so difficult to catch the criminals that the commissioners decided to purchase blood hounds. The dogs will be given a trial on Monday and Constable Savage expects to get back to the city on Tuesday.—Wilmington Messenger, 4th.

HUGHES BEATS HEARST. North Carolina Elects Every Democratic Congressman. Old Pitt County covers Herself in Glory and Buries the Republicans Deeper Than Ever. News From All Over the Country—as Received in Telegraph Bulletines. Tuesday was a good day for the Democrats. North Carolina did well in electing a solid Democratic congressional delegation, and what you look at Pitt county's main cities running from 1891 to 1909 it shows that Democracy is here to stay. Below we give the news from the different states in condensed form. NEW YORK. Buffalo—At 5:30 p. m. state chairman Connor said that Buffalo will give Hughes a plurality of 3,500 and Erie county approximately 5,000. Elmira—Complete returns of city give Hughes 6,966 plurality. Cheering county gives Hughes 314, Hearst 3,842. Glensville—City complete returns 2,393, Hearst 1,903. Amsterdam City gives Hughes 170 plurality. New York—The first World bulletin says returns indicate that Hughes has about 8,000 majority in Kings county. Hughes carried Oyster Bay by 105. The Herald's flashlight essays the state is doubtful but indicates Hughes election. Utica—Complete returns gives Hughes 6,596, Hearst 6,606. World bulletin says indications are that Hearst's majority in Manhattan and Bronx will be 35,000, while Hughes carries Kings county by 11,900. The Times says indications are that Hughes is elected. Troy City vote complete gives Hughes 9,083, Hearst 8,152. In 1914, Hearst received 8,311, Hughes 9,761, Republican loss 65,916. Oyst. Bay—She 25th district, President Roosevelt's home, gave Hughes 107 majority. Syracuse—City complete gives Hughes 15,676, Hearst 11,750. Democratic gain of 214 over 1914. Brooklyn—Mr. Hearst said early tonight "The few telegrams I have received are very encouraging. I believe I will win. I believe I will win. I expect 200,000, but if this is cut I shall be satisfied."

Worth Considering. Great care should be exercised by the property owner who is going to buy paint to secure the best and most economical paint, as often big claims are made for inferior paints. A poor paint of inferior paint is a mere stimulant like a treacherous expensive narcotic which gives only temporary relief to the home, while Town and Country Paint is a perfectly pure paint the result of over 100 years of good paint making experience and obtainable at the right price from D. Ker & Hart who are estimated to be the largest distributors of exclusively high grade paints in the State. If your house suffers for the need of paint write them for color card or see them in person.

Good Showings. The second series of stock in The Home Building and Loan Association began Saturday with nearly 400 shares taken and others spoken for. The first series has nearly 1,000 share in operation. This is a fine showing for an association six months old.

Diphtheria. Two houses in town are quarantined for diphtheria. They are the homes of R. F. Windham, 212 1/2 North street and J. C. West, on Sulton Lane.

Girl Killed by Gun Discharged. Oxford, Nov. 3.—News has reached here of a very distressing accident a few miles from Oxford, near Mountain Creek, a few days ago, when Miss Hazel Curran, aged 19 years, daughter of Mr. and Mrs. Matt Curran, was killed instantly by the accidental discharge of a gun in the hands of the young lady's brother, a little boy of 13 years.

Injunction Refused. Washington, N. C., Nov. 2.—The much mooted bridge matter has been disposed of for the present at least. Judge Thomas McNeil, before whom the case was argued last week, has announced his decision, which is to the effect that he will not grant the injunction asked for. The plaintiffs will appeal to the Supreme Court and the case will be fought out there.

Preacher in Logical Tangle. The manner in which questions of "Higher Criticism" are to be settled has been announced by the Rev. John Roach Straton, of Chicago, who told 200 ministers that woman's belief in the inspiration of the Bible was a sufficient refutation of the "higher criticism" conclusions. "You never saw a destructive critic," said Mr. Straton "in feminine form, for a woman gets her knowledge by intuition—by direct inspiration. Man with his logic gets all tangled up, but the average woman knows." If Mr. Straton, with his logic is also "tangled up," he has got himself into the scrape of Epimenides the Cretan, who said that "all Cretans are liars."—New York Evening Post.

Utah. Congressmen—Large Howell, Republican, elected. Connecticut. New Haven—The towns are reporting early and indicate entire Republican state ticket and all Congressmen re-elected by pluralities as large as two years ago. Iowa. The vote for governor is large. Gamrins' plurality of 1904 will be much reduced, but indications point to his re-election. Delaware. Wilmington—A large vote was polled in state. Democrats are elected in 4th, 5th and 8th districts. Republicans carry state and will control legislature electing United States Senator. North Carolina. Raleigh—Weather was exceptionally fine all over State. Returns show larger vote than expected, running only a little under presidential votes. Returns by 10 o'clock appear to show election of Hackett in 8th and Crawford in 10th districts. Hackett gained 203 votes in Blackburn's home county. His total gain so far is 660, Crawford made a good gain in Haywood. Hackett carried by 100, Sta. by 200. Republicans may have heavy gain in city of Asheville. Democrats carry State by approximately 45,000. According to most careful estimate they will carry 10 Congressmen. Fight was hot in 8th and 10th districts. The congressmen elected are J. H. Small, Claude Kitchin, C. R. Thomas, E. W. POU, W. W. Kitchin, H. L. Goodwin, R. N. Pease, J. H. Hackett, E. Y. Webb and W. H. Crawford. We have leave time and space today to give only the total vote the different candidates received in the county. Later we will publish the full vote by townships. State Ticket. Republican 561. For Congress. Wood 424. Small 284. For Solicitor. Moore 2,295. Edwards 600. For Senate. Fleming 2,331. King 583. For Representatives. Laughinghouse 2,141. Jones 2,224. McLawhorn 688. Moore 2,385. Patrick 596. For Sheriff. Tucker 2482. Fleming 483. Williams 2339. Bullock 636. For Treasurer. White 2407. For Coroner. Laughinghouse 2357, Patrick 557. Jenkins 2327. For Commissioners. Mr. John Ivey Smith's bull dog created lots of merriment on the street Monday afternoon. Policeman George Clark was having the street sprinkled from one of the hydrants. The dog was attracted by the stream from the nozzle and ran out to catch it, and for several minutes ran back and forth grabbing at the stream and cutting up all kinds of antics. The dog did not mind the water at all and his capers were very amusing.

Massachusetts. Boston—Ten cities and towns in Massachusetts gave Guild (Rep.) for governor 2,963. Moran (Dem) 2,242. Same districts last year gave Guild 2,727, Bartlett 2,149. Fifty cities and towns gave Guild 13,507, Moran 7,783. Last year they gave Guild 12,695, Bartlett 8,582. The congressional districts in this State elect one Democrat and eight Republicans. OLAHOMA. Reports so far received indicate large Democratic majority in constitutional convention. KANSAS. Topeka—Magre reports indicate that Governor Hoek, Republican, is re-elected by less than 20,000. SOUTH DAKOTA. Deep interest in election in this state. Crawford is elected governor, but Republican majorities are generally cut down. FLORIDA. The Herald says indications are that Hearst carries Greater New York by 60,000. The Brooklyn Eagle, which supported Hughes, says it now looks like Hearst has carried Erie county by 1,500 and Greater New York by 60,000. The Times says indications are Hughes is elected by 30,000 majority, but Democrats possibly elect balance of state ticket.
