The Happy Season. With the Colored People. Sunburned and with the strength of youth, this glorious country faces winter and another year. The account of 1907 has been made up. Nothing remains but to store the fruits. Is there anything melancholy in the approach of winter and rough weather in such a land? In the hard old days winter meant a living death to the farmer. Now it is the season of enjoyment, when thrift feeds on the fatness. The biblical and musical car when thrift feeds on the fatness it stored up better.
