

## Statement of Dr. Samuel K. Cox, D. D., PRACTICAL AND ANALYTICAL CHEMIST, WASHINGTON, D. C.

"To the thousands whose systems ins inctively shrink from the use of Morphia and O<sub>1</sub> ium, and especially to mothers, who just y dread the evil and, at times, fa al effects of these dangerous drugs, the Red Star Cough Cure must prove a boon. It is not only entirely free from all opiates, poisons and emetics, (a thing which not one cough preparation in ten can boast), but it is altogether an original and most happy combination of the best remedial agents, and is as harmless as it is effective. I base this assertion on careful analyses and numerous practical tests, — the latter, in every case, resulting in a speedy cure."

The RED STAR COUGH CURE commends itself to everybody for the following potent reasons:

It positively contains no Morphia, Opium or other Narcotics,

Poisons or Emetics.

It is entirely harmless, and produces neither nausea nor

other derangement of the stomach or system. Its use is not accompanied by the bad and, at times, most serious effects which so often result from nearly every other Cough preparation in the market. It is agreeable to the taste and easily taken by every one. It is a PROMPT, SAFE, SURE CURE. The RED STAR COUGH CURE is sold by Druggists and Dealers in Medicine throughout the United States. Price, 50 cents a bottle. Parties unable to induce their dealer to promptly get it for them, will receive two bottles, express charges paid, by sending one dollar to The Charles A. Vogeler Company,

Sole Owners and Manufacturers,

Baltimore, Maryland, U. S. A.
