# HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause:

the entire fulfilment of its promises.

The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, keeps away gray hairs, and prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth of hair of a natural hue. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.
