This is a small advertisement in which we find a few words concerning a wonderful article. The language is in plain, intelligible English so all may understand who read. Five millions of these advertisements have been printed and sent to all parts of the country, and by informing those afflicted with coughs, colds, asthma, diphtheria, catarrh, neuralgia and rheumatism of a sure and speedy means of restoration to health and comfort, they answer an admirable purpose. To say that any one medicine will cure all these diseases is a pretty strong assertion, yet the fact is before us that Thomas' Electric Oil **WILL DO IT** in almost every instance of its use, and, further, is an unfailing remedy for earache, headache, toothache, backache, sprains, bruises, burns, cuts and wounds of every sort. This fact has led to the selling of it on a **GUARANTEE TO SATISFY OR MONEY RETURNED**, a plan which none but honest manufacturers having the strongest confidence in their goods dare follow for a moment. If you are troubled with any affection of the nose, throat or lungs, if you have a pain, an ache or a soreness, try Thomas' Electric Oil, a medicine that will meet your highest expectations, and whose enormous sale throughout the country is the best possible evidence of its value in time of suffering.

Samuel A. Hewitt, Post Master, Monterey, Mich., writes of Thomas' Electric Oil: "Becoming more popular every day. Giving some of it on trial to parties down on all patent medicines. They now praise it more than I do. For Colds, Sore Throat, Burns and Rheumatism, **IT CANNOT BE BEATEN.**

Glad it is what they call patent, so all can have it.—Mrs. Wm. Enock, West Liberty, Ohio.

As a general family medicine, never saw anything so good.—George Dodge, Emporium, Pa.

Beats the world.—H. C. Hoberman, Marion, O.
