

Wild Rose

Is the title of the beautiful water color painting from which the picture on the front of this card is taken. The lovely child, gleefully gathering the flowers, is the very picture of health; and children whose lives seem blighted by terrible humors in the blood may have good health by taking

Hood's Sarsaparilla. This peculiar medicine has been of priceless value to thousands of parents Sarsaparilla and children, and is highly valued

Hoodys

in orphan asylums, hospitals and schools for its excellent effect in purifying the blood and for creating an appetite, building up and giving strength to the system.

"My little girl and boy had sores all over their faces

Bright Children

and hands. I gave them Hood's Sarsaparilla, and now their faces are as smooth and bright as those of any children in Broome County."

ALBERT C. CRAVER, Box 20, Binghampton, N. Y.

"For over a year we have been using that admirable preparation, Hood's Sarsaparilla, among the inmates of St. John's Home, with constantly increasing benefit and satisfaction; we want nothing better. 115 In cases of general debility and loss of appetite we find it invaluable; also invaluable when an impure state of the blood is indicated by eruptions, etc. We shall continue to keep it among our regular supplies." SISTERS OF ST. JOSEPH, St. John's Home, Brooklyn, N. Y.

N. B. If you have decided to take Hood's Sarsaparilla do

not be induced to buy any other.

Hood's Sarsaparilla
