EMERSON'S EMERSON'S ALBUNENOID FOOD ALBUNENOID

COPYRIGHT 1887.

DONALDSON BROTHERS, N.Y.

EMERSON'S ALBUMENOID FOOD.

Is the most nutritious and easily digested food ever prepared. "It has been by studying nature and the effects of her food that the Emerson Manufacturing Company has been enabled to provide this wonderful nutritious compound."—N. Y. World, August 19, 1886.

66 It is the Best of Food for Infants, Children, Invalids and Convalescents. All its ingredients are pure, fine

grade materials."-- American Analyst, October 1, 1886.

For Consumption it is better than Cod Liver Oil.

For Dyspepsia it is better than any pepsin preparation.

For Constipation it is better than any medicine.

For Nausea it is the best article ever known.

It is a FOOD purely: and is guaranteed to be absolutely free from any drug, medicine or artificial aid to digestion.

For Infants it cannot be equalled by any other food.

For Cholera Infantum it is admitted to be the best diet known to the medical profession.

For Wasting Diseases, Marasmus, Atro-

phy, etc., its strengthening powers are wonderful.

Remember it is a Food, pure and simple,—it is not a pre-digested food, and is not treated with pepsin, pancreatine, malt or any digesting agent.

It is the most economical food preparation ever placed before

the public, because of its highly nutritive qualities.

SOLID BY DRUGGAISTS.

PREPARED BY THE

EMERSON MAN'F'G COMPANY, LONDON. NEW YORK. MELBOURNE.
