# Plain as Daylight.

The English language cannot properly express our loathing for those who attempt to delude the sick into the purchase of medicines which they know full well are valueless, and can never do the patient a grain of good. **BURDOCK BLOOD BITTERS** were never sold upon the strength of deceit, and when *bona fide* testimonials are received by the hundreds, such as are here printed, the truth beams forth plain as daylight, that as a remedy for indigestion, dyspepsia, biliousness, liver and kidney derangements, and all affections arising from or associated with a diseased circulation, **BURDOCK BLOOD BITTERS** possess more than common worth, and meet and merit the approbation of the public. Read the following:

“Completely prostrated by indigestion and bilious fever. Two bottles of **BURDOCK BLOOD BITTERS** astonished me. Visible improvement right off.”—NOAH BATES, Elmira, N. Y.

“For two years suffered from dyspepsia, in its worst form. **BURDOCK BLOOD BITTERS** cured me.—REV. W. E. GIFFORD, Bothwell, Ont.

“*Half a Bottle* of **BURDOCK BLOOD BITTERS** relieved me of a serious disorder of the kidneys.”—MR. B. TURNER, Rochester, N. Y.

“*Feel New.* **BURDOCK BLOOD BITTERS** cured me of sick headache and general debility. Recommend them cheerfully.”—ADOLPH LALLOZ, Buffalo, N. Y.

“Of this medicine *cannot speak too highly.*”—MR. J. MARSH, Bank of Toronto, Ont.

“**BURDOCK BLOOD BITTERS** entirely cured me of torpid liver and indigestion.”—J. S. WILLIAMSON, Rochester, N. Y.

“Afflicted with dyspepsia for twenty years. **BURDOCK BLOOD BITTERS** have done me more good than anything yet.”—ALEX. LOUGH, Alpena, Mich.
