AYER'S PECTORAL FOR COUGHS

THROAT

ND ALL

AND LUNG

DISEASES.

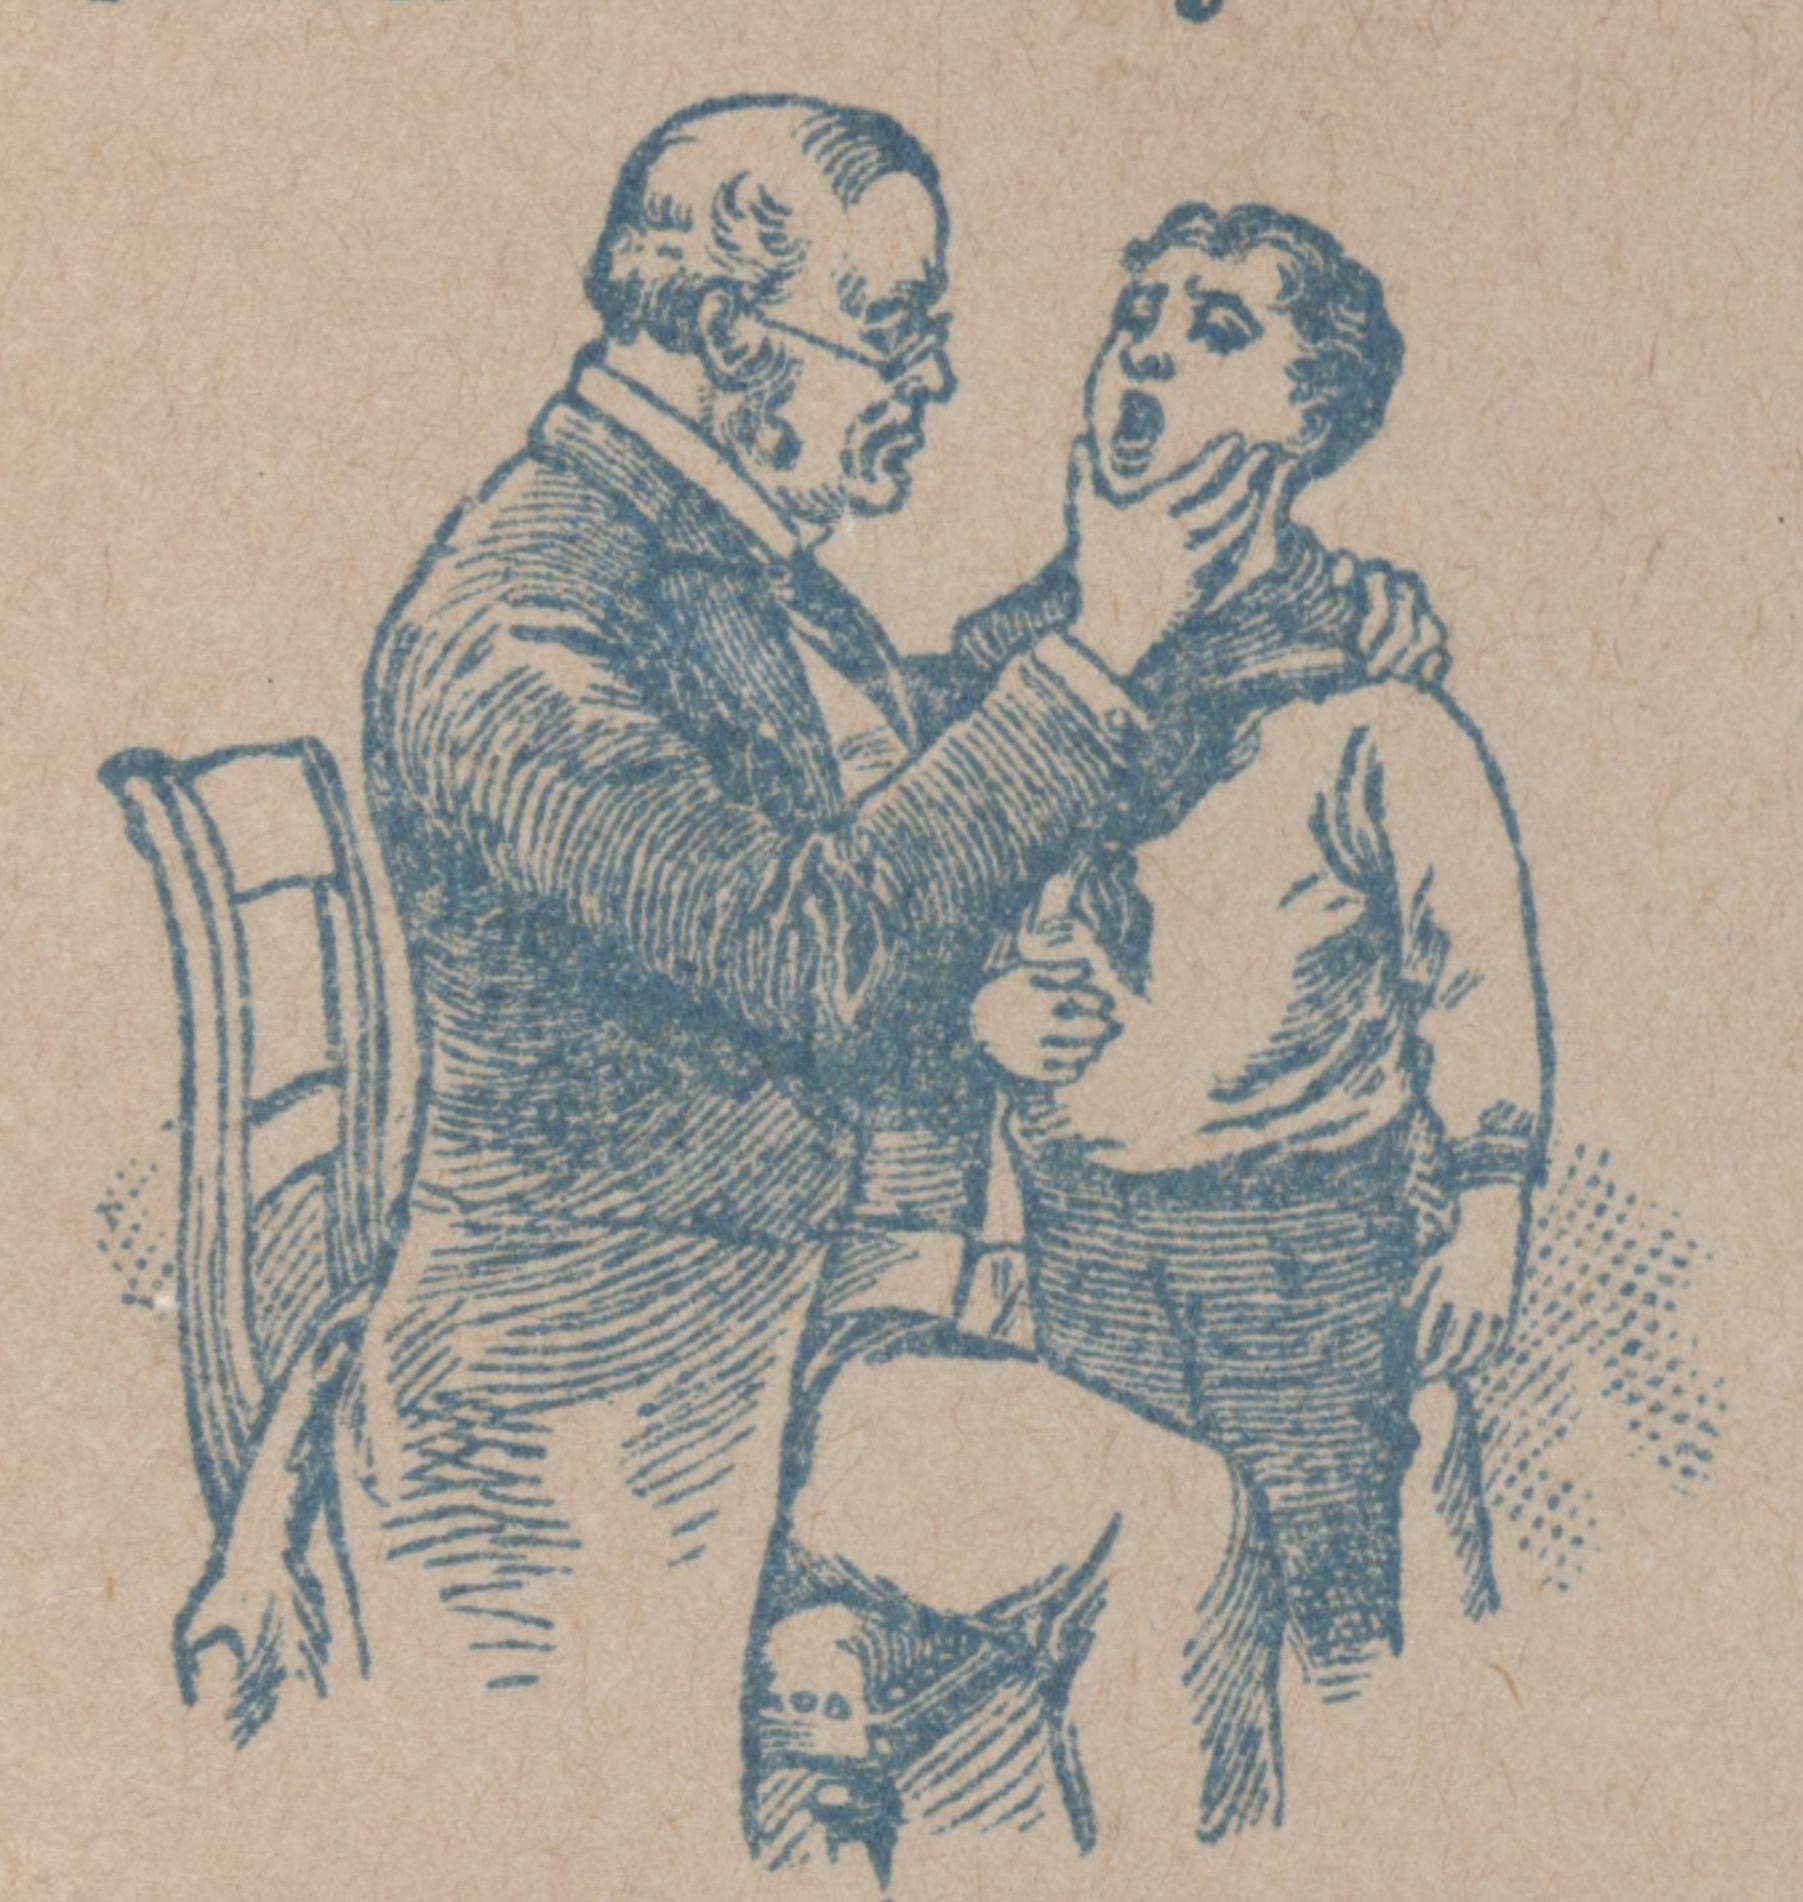

AYER'S HEGTORAL

Prepared by Dr. Jo. Myel Mass. U.S.A. PROMPT TO ACT. SURE TO CURE.

The Confidence

Which the doves, on the reverse of this card, exhibit toward their youthful mistress, is the result of weeks

and months of kind and careful training. The confidence the public have in Ayer's Cherry Pectoral is the natural consequence of fifty years' marvelous and beneficent service in restoring health and saving precious lives. As an emergency medicine, a safeguard for children, an ever-ready remedy to be relied upon in cases of colds, coughs,

croup, whooping-cough, and all diseases of the throat and lungs, this medicine is prompt to act, sure to cure.

AYER'S CHERRY PECTORAL is recommended by physicians, to soothe the inflamed membranes, promote the expectoration of irritating phlegm, allay fever, ease coughing, and induce repose, thus enabling nature to proceed with her work of repair. It is especially intended for those ailments—resulting from a cold—which are too commonly regarded as simply annoying, but which are really dangerous in their tendency, when neglected or improperly treated.
