HORSFORD'S MEID PHOSPHATE

For Mental & Physical EXHAUSTION: DYSPEPSIA;

"The Little Dancer"

# IT MAKES A BELICIOUS BRINK \*
WITH WATER AND SUGAR ONLY.

SCHUMACHER & ETTLINGER NEW YORK.

## HURSTU J'S AGID PHOSPHATE,

Prepared according to the directions of Prof. E. N. Horsford, of Cambridge, Mass.

## FOR DYSPEPSIA,

Indigestion, Headache, Mental and Physical Exhaustion, Nervousness, Hysteria, Night Sweats of Consumption, Etc.

This is a preparation of the phosphates of lime, magnesia, potash and iron with phosphoric acid, in such form as to be readily

assimilated by the system.

There seems to be no difference of opinion in high medical authority, of the value of the phosphates, and no preparation has ever been offered to the public which seems to so happily meet the general want, as this.

Horsford's Acid Phosphate makes a delicious, invigorating and

healthful

## SIMMER DRINK,

and its action will harmonize with such stimulants as are necessary to take.

It has also gained prominence as a useful agent to employ in

## > CHOLERA.

By the researches of Dr. Koch, it is now known that acids are most useful to kill the cholera microbe, and have been successfully employed by the profession

Dr. Chas. Gatchell, of Chicago, in his "Treatment of Cholera," says:

"As it is known that the cholera microbe does not flourish in acid solutions, it would be well to slightly acidulate the drinking water. This may be done by adding to each glass of water half a teaspoonful of Horsford's Acid Phosphate. This will not only render the water of an acid reaction, but also render boiled water more agreeable to the taste. It may be sweetened if desired. The Acid Phosphate taken as recommended, will also tend to invigorate the system and correct debility, thus giving increased power of resistance to disease."
