

To a Generous Public:

We present to our patrons and friends a copy from the celebrated picture in the Royal Academy, London, Eng., of

"Flise and the Wild Swans,"

and trust it will find a place in every album. For a full description of the picture, see Harper's Bazar of Sept. 2, 1882.

Respectfully,

R. P. HALL & CO.

"NO MORE GRAY HAIRS OR BALD HEADS." HALL'S

VEGETABLE SICILIAN

HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many initators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: the entire fulfilment of its promises.

The proprietors have often been surprised at the receipt of orders from remote countries where they had never made an effort for its introduction.

The use for a short time of Hall's Hair Renewer wonderfully changes and improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever and dryness, and thus prevents baldness. It stimulates the weakened glands and enables them to push forward a new and vigorous growth. The effects of this article are not transient like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy. It never fails to restore gray hair to its original color and lustre.

BUCKINGHAM'S DYE FOR THE WHISKERS

will change the beard to a natural brown or black, as desired. It produces a permanent color that will not wash away. Consisting of a single preparation, it is applied without trouble.

PREPARED BY

R. P. HALL & CO., NASHUA, N. H.

Sold by all Dealers in Medicines.
