

FUTURON THEIR FET.

What was the matter of Mr. Joseph G. Goodridge of 151 Huntington street, Brooklyn, N. Y.?

Well, he had dyspepsia, and couldn't sleep nights.

How did he get relief?

He didn't get any relief for nearly two years, though he tried, he says, "nearly a hundred different medicines."

What did he finally resort to?

Burdock Blood Bitters, and says he, in a letter to the proprietors of this remedy, "You may use my name in any style of advertisement you choose. I want you to have the benefit of my opinion, and that is, that Burdock Blood Bitters are an excellent tonic for the stomach and a fine blood purifier as well. They cured me."

What did Chas. L. Ainsworth, 41 Vance Block, Indianapolis, Ind., say?

He said "my mother has been using Burdock Blood Bitters as a liver remedy and finds them very efficacious."

Mrs. E. A. Hall, Binghamton, N. Y. she says that for several months she endured a dull pain through her lungs and shoulders, and that she lost her spirits, appetite and color, and that her present healthful condition is due to Burdock Blood Bitters. Is that so?

That's the exact truth, nothing wrong there.

Is there any exaggeration in the statement made by Martin Kizer, Lime Grove, Ind., who says that Burdock Blood Bitters cured his wife of dispepsia and liver complaint, when no other remedy she ever tried could do it?

If you think there is ask him.

Who is A. Burns?

He is a blacksmith living about three miles east of Cobourg, Ontario.

What does he have to offer?

Ten cents is what he says he wouldn't have given for his chance of living before he used Burdock Blood Bitters. He had dyspepsia for fifteen years, and was cured by three bottles of this very excellent preparation.

You see these eruptions on my face. Do you suppose Burdock Blood Bitters would remove them?

Ask Rev. Wm. Stoat, Wearton, Ont., what he thinks about that. He suffered from a terrible case of blood poisoning which developed into great indolent sores, was operated upon by seventeen different doctors, and given up to die, he used Burdock Blood Bitters, and to-day is a well man. For erysipelas, Scrofula or Salt Rheum there is nothing in the world better than Burdock Blood Bitters. Thousands of our patrons say this, who sell Burdock Blood Bitters. All Druggists.
