The Great Fall and Winter Tonic.

Is Not a Stimulant,
Not a Purgative,
Not a Present Tonic,
It is Not a Cure-Au,

But a Perfect Toner of the Organs of Secretion—Sure though Slow, following Nature's Laws—

66Slow But Sure."

One bottle may not make you over but two or three will.

A TONIC that is not Temporary, but Thorough, Complete.

A LAXATIVE beyond comparison, Full, Free, Natural.

A REGULATOR of the Organs of Secretion, it Begins Right and Ends Right, Acts on All, Misses None.

YOU CAN TEST IT AT OUR EXPENSE.

If not satisfactory, return the bottles and get your money—All druggists are authorized to do this.
