Owing to bad collections for the past few years due to non-payment of bills by many of our patients, we the undersigned have each and every one pledged ourselves to abide by the following resolutions:

1. That all worthy poor who would pay if they could, will receive careful, prompt and cheerful attention at our hands.

2. That we will no longer work for any person who can but will not pay ~~their~~ medical account or will not make satisfactory arrangements about settlement of same.

3. That we will put a Black List in circulation among ourselves upon which will be placed the names of each and every person who has not made satisfactory arrangements about settlement of his or her medical account.

4. That any person whose name is found upon this Black List cannot obtain medical attention from any of us under any circumstances except that ~~they~~ he or she pay up ~~their~~ past bills due each and every one of us or ~~that they~~ pay cash or give good security.

5. That this Black List shall go into effect ~~January~~ July 1st, 1894, ~~beginning with those who have failed to make satisfactory arrangements in regard to settlement of their medical bills up to that date.~~

6. That all accounts and notes for medical services rendered prior to January 1st, 1894, shall not be considered a cause for placing any person on Black List.

7. That when a person whose name appears on Black List shall have paid the account for which he was reported, a receipt shall be given him by the Physician he has paid and the Secretary of the Society shall be notified. Upon such notification it shall be the duty of the Secretary to inform every member of the Society that such account has been paid.

8. That any member of this Society who upon receipt of a copy of the Black List gives knowingly and wilfully medical attention to any person therein named without pay in advance or good security, when convicted of this offense it shall be deemed a cause for denial of professional courtesy by the members of this Society.

9. That we have a supplimentary Black List which shall be used for information only, and any person whose name appears on this List, may receive medical attention if any member desires to furnish it. This List shall not be subject to resolution 6, but may contain any names for accounts contracted prior or subsequent to 1894.

It was mutually agreed that in some cases of dire emergency, when life is at stake a Physician signing

this List would be granted the right to attend to such cases even if they are on Black List. The merits of the case being left to the judgment and honor of the Physician called.
