## STARS AND STRIPES FOREVER

---

Hurrah for the flag of the free,—  
May it wave as our standard forever,  
The gem of the land and the sea,—  
The Banner of the Right—  
Let despots remember the day—  
    When our fathers with mighty endeavor  
    Proclaimed as they marched to the fray—  
    That by their might, And by their right,  
It waves forever!

## CLASS SONG

---

We're the best class in the land,  
And we form a merry band,  
As we strive to do our duty day by day,  
    Though we're busy as can be,  
Yet 'tis clear as all may see,  
That we try to cheer our comrades on the way.

### CHORUS:

Work! Work! Work! While in the conflict,  
Gathering knowledge as we go,  
Oh! The class of one and nine  
Is the class that leads the line  
    For our motto, "Ne'er Give Up," we'll always keep.

In the busy walks of life,  
In the turmoil and the strife,  
We shall ever hope to lend a helping hand;  
To our motto we'll be true,  
    To the world a service do,  
    And we'll help to scatter sunshine through the land.
