

Capl Garrison.

Sir.

I send per Mr Post Boy  
ten Mattresses which I regret to find  
were not disposed of as I fear you  
may have needed them; also some  
articles of clothing due some of your  
men. Should there still be members  
of your company not yet suitably  
provided for you will very much  
oblige the ladies by making known  
to me their wants and we will  
take great pleasure in giving them  
our prompt attention.

Yours with great respect, Sir.
