Dear Sir

The bears is about getting off & I have only time to say that I want you to let me hear from you immediately -

If you cant get men to come for the war, buy up the Companies for 12 months -

If the Companies are not ready to start at once, you had better come yourself right now -

Above all - by no manner of means, allow any statement from any quarter to interfere with our arrangements - There have been no orders issued which at all conflict or interfere with us -

Capt. Hanner - Yours Truly
H. K. Conyeton
