North Africa

Hi Frank.

I received your letter & was very glad to hear from you. I am feeling fine & hope to hear the same.

As you probably know that I'm somewhere in French North Africa. Which I mentioned in the letter ~~from~~ to me. I hope she isn't taking it too hard & not worrying about me.

Well, how did you spend your Christmas & New Years? I hope it was much better than mine.

I'm glad to hear that you're still working & that you're getting along good with family. I guess he doesn't bother you like he did me. "The same".

By the way what are you doing for excitement? There must be plenty of women around

to take out. With all the men
going in the army. You must
be doing alright. Well.

Have they passed the bill for
drafting the fellows from 18
and up? I don't get much news
around here you know. By the
time they draft you this war
will probably be over. I hope.
And I'm glad you got around
to thinking the way I do.

By the way who are you trying
to kid. About the God I mean.

Just because I sent some money
home it don't mean I made it.

What are you trying to do
use a little psychology on me.
So I'll admit it. Well it
won't work.

Well Frank I'll close now
wishing you the best of luck. So long.
Brother mine.
