Hi Frank.

I received your letter & was very glad to hear from you. I'm feeling fine & hope to hear the same.

I see your getting right up in the world hey Frank. Good for you. I guess Louie don't bother you like he did me. Or does he. I bet you thought you were pretty big giving orders instead of taking them. Maybe when I get back home you can get me a job as a bobbin boy to start off with. Ha. Don't take no chances Frank I'm only kidding you. I wouldn't go back to work there for anyone.

By the way. Frank you haven't mentioned to me if & when they're going to draft you. Have they taking anyone from Pottsville yet?

I've been in quite a few of those things you have been talking about Frank & it hasn't been over a few. Remember the news you told me about well wouldn't you be surprised if I was there but no such luck ha. —

Well Frank you've asked me a lot of questions in your last letter which I can't answer because all my mail is being closed. So I hope you understand.

There isn't much more I could say so keep the good work up & give my regards to all. Love,
Your Brother
Matt.
