Hi Frank,

How is the navy? This army life sure is swell. The coeds - o H, man. The navy certainly gives out plenty of furloughs. In this air corp the only furlough we get is when we complete advanced training and are given commissions. That's about eight months from now. You lucky dog you.

It would be nice if you could go to some school Frank. You that would certainly help out a hell of a lot. You think your time goes by fast, now we don't even have time to read our text books & we are in school again. We don't do home work because we have no time. But I don't mind this place even if it was for a year. It's pretty nice.

I had K.P. once while I was  
at Stevens & boy it was tough.  
Thirteen hours of it. I was  
dead the next day. I had no  
sleep all night, because it was  
night & P. The next morning I had  
to take the air corp exam. And up  
until today I wonder how the  
hell I passed that exam. I would  
keep dosing off every so often & then  
I would wake up & work like hell.

We have classes from 8 A.M.  
to 7 P.M. with one free hour  
a day. Then we have Saturday  
afternoon off until 7 A.M. We also  
have Sunday off until 7 P.M. But  
the discipline out here is very strict.  
Life magazine is to come & photograph  
this place soon. So maybe you  
can see what it is like. They  
call it the West Point of the air  
corp. Our headquarters are at  
Randall field Texas. We have  
student officers & they sure got us  
on the ball the "pricks".  
Well I'll close Frank lots of  
luck.  
Your best pal  
"Gene"
