Kello Brother.

How's the sailor these days? I'm still alive and in very good health. I hope your feeling the same. I've been around since I've got any letters from you but I guess your pretty busy. But write whenever you can. I've been pretty busy myself lately that's why I haven't written to you in some time. I hope your not sore. I could explain it all in a few words but I can't right now. I probably can in my next letter. I hope you understand. What are you doing in your spare time? Hanging out with women much? How you with any nice girls? I'm not doing too bad. By me speaking I talkin helps me out a lot. I get about enough to satisfy me.

Well sailor I'll close now & hope I hear from you soon. And tell me all about yourself. Solong & loads of love to you.

Brother
Morris
