My Dear Frazitta.

Just a note in answer to yours of the 3rd inst. which we received on Monday. We are surprised that David has not written to you, as we wrote him and sent your P.C. on to him the day after we received it, you may have had a few lines by this time. We are glad you received the small parcel and to hear that you are well. I will send your letter on to David, and will inclose his address with the best of luck and good wishes from Mrs Harper and myself. I remain most sincerely
Yours James Harper.
