Hi Frank old Pal

How are you and the rest of the gang. We are down at Quonset Point now. We have a bar room and pool and bowling room. I just got back from the bar room and I'm feeling pretty good. I only had five but that's enough. One of the fellows here is pretty drunk and (hey) I suppose there be a couple more coming in in an hour or so. How is everything back in Pittsfield. Are you still working. We're having a swell time down here I haven't much to say because there isn't anything to talk about. I met a girl down here at the soda counter and I have a date with her tomorrow night. You didn't know (uh) that I am engaged to a girl in Pittsfield did you. Well I am. She is 18 yrs old. And has a bea-u-ti-ful shape

shape and what legs. I seen her when I was home
on leave infact that's when we got engaged. She
was in the hospital when I got there. And I watched
them take her appendix out in the St Lukes
hospital. Whata mess they had a tube in her cunt
for two days she was pretty sick. I slept in the
hospital in the same room for two nights and as soon
as she came too we where engaged. I hope she is
all right. know. How is the girls treating you.
Well that's all for know

So long

Jane Gardner
