

Hi Salt;

I'm right on the same street that you were on in this unit. It is the building with the 4 red lights on it. If you can make it we can go skating this Sat. Don't it about time you were going on leave. I hope so. If you have a chance stop in to Tap sides of L. 29, crew 5-P4. If you can't make it let me know your barracks numbers so I can drop in to see you if you are still there.

Take it easy Pittsfield,

Chuck
