Dear Frank,

I received your letter today & was very glad to hear from you. No I haven't forgotten you. I hope you not working too hard.

I hope that you find a fella from your home town when you meet the crew. I think your ship has a very nice name. Do you like it? I am fine. How are you?

No I'm not working too hard I'm just taking my time in doing my work. I didn't receive my pictures yet so I am sending you a snapshot that was taken two years ago until I get my <sup>new</sup> pictures. Boy don't I look terrible? I would like a picture of you so don't forget to send me one. You told me when you first wrote to me that Bill ~~showed~~ showed you a picture of me. Did you see the picture of me in Detroit or Virginia? Enough about that. What have you been doing?

(over)

Have you been a good boy? (I hope)  
How is the weather out there?  
It is really swell down here  
Well I guess I will end till I  
hear from you.

Love  
A. Elmer

P.S. When we were having  
this picture taken the  
camera broke (No. 72 a 72 a)  
The good looking boy in there  
is my brother & the funny  
looking girl in there is me.

Please excuse the two colors  
of ink & also the writing.

Bye now, & write  
soon
