Hi Frank,
Just received your letter dated March 6, which took just about a month to get here. So I thought I'd answer it right away. I mentioned to you before that I received your picture but I imagined it's one of those letters you didn't get. Anyway you come out swell. You look good in a service uniform. I'd like to send you one of myself but I haven't got any latest ones & besides right now it's pretty hard to take any & we haven't got the paper to print them. I'll send you one the first chance I get. By the way is your breathing still bothering you? Start your doctors know what's wrong? When I get back here I'll take care of you. How's that? "Ha." As for me I'm still in the pink, but I'm getting bigger every day. I don't know what all is when this is over. Yes, I'm kept pretty busy here but it's not that so called thing or pills where we are. Well Frank I'll close & will drop another line soon. Take care & Good Luck.

Brother
Mario
