Dear Frank,

I received your letter and was very glad to hear from you. Angie has also told me a few things about you from what she learned from Ernie. I only know Ernie through Angie and she's forever talking about him. In your letter you wrote that Angie had been talking about me, what did she have to say?

Right now I'm in my Home Economic class and haven't anything to do so I thought I'd write you a few lines. I'm awfully sorry to hear that you were seasick. I hope you're alright now.

Your letter was very interesting and it didn't bore me at all. I hope I'm not boring

you!  
Frank, have you ever  
been to New York? The reason  
I asked you was because  
May 14<sup>th</sup> to 16<sup>th</sup>. Angie and  
I, a group of girls and  
of course the teacher  
are going to New York. Angie &  
are planning on having fun.  
I hope everything works  
out the way <sup>we</sup> planned!!

Angie and I went to  
the New Telephone Co for a  
job as telephone operators  
I hope we get the job

Well Frank, I guess  
that's all until I hear  
from you.

As ever  
Joni
