Dear Frank,

I guess you'll be a little surprised to get this. Dolores Carson gave me your address about a week ago and I wrote a letter and forgot to send it out.

Since I last wrote to you my brother has gone to the Army. Boy I sure do miss him. Is there anyone else besides you, in the service from your family?

For the past week it has rained nearly every day here. The week before that it was swell out. For Easter it poured

they leave here. Why is that so,
do you know?

My girlfriend Yvonne and
I, just finished making onion
sandwiches. Now, no one will
come near us, I wonder why.
Do you like onion sandwiches?
I'm crazy about them if there's
a lot of butter on the bread.

Boy, I can hardly wait until
June when we get out of school.
We're almost finished now &
am I glad.

Listen Frank, if you have any
pictures of yourself, will you
please send me one of
yourself. Please!

I went to the show with
a kid the other day and I

and was I ever mad. Easter,
I had an archid suit with
black accessories. I hear that
your Easter suit was Navy
blue trimmed in white!

Some sailor told Del the
other day that you were hurt.
"H" I hope that isn't true.

He had a week's vacation
from school at Easter time. I
came back in two weeks. Was
my teacher mad.

It seems that almost every
service man (especially sailors)
that have been stationed here
in Detroit, always miss it
more than any other city when

saw "In Our Time" is it ever
super! At the same time I saw
"Miracle of Morgan's Creek". Was
it lousy. Everything is just
dragged out

Well, I guess I'd better close
now. Take care of yourself
and God Bless you

Yours

Pat
