Hello Frank.

I see you had a 72 hr leave again. Pretty lucky about you. You must be wondering why I never get home. I'm just one of those things that's all. When you're in an outfit like mine it's pretty tough to get home. So you had the picture of the girls I sent home. Not bad hey? Too bad I don't have money to fool around or I could show a swell time here. Too bad I can't give you an address of some of the babes I know in Tunis. I know quite a few that would give you a swell time. You know there's quite a few people there that can speak & talk. You ought to do all night. The worst thing I see you, you were pretty young and didn't fool around then. There's really some good spots in Tunis if you want to fool around. By the way what outfit is Trovatta in. Maybe I can get around to seeing him. Well Frank nothing more to say so I'll close with love & luck to you. Loving Brother. Hope to hear from you soon.

Mutt.
