Hi Frank:

I am just dropping you a few lines to let you know I am getting along okay and doing fine I hope this letter finds you the same. I haven't as yet got my new leg yet but I'm pretty sure of getting it next month if everything goes right I just like to get the new leg because I sure would like to stand on two legs again I'm getting pretty tired of Cutches. I think you know Joe Gordon he came back from England last month and is staying down here for a few weeks I went out with him a couple of times last week and had a hell of a time. I haven't seen him now for a week or so I don't know where the hell he

7  
hanging out now probably getting  
land freight rate by bus a  
boy. Well that's enough of me  
how the hell are you and how  
the Navy treating you are you  
getting much pay ships lately  
or are they too scared to come  
out. Nothing much doing around  
home its dead ghost city but  
I bet you dont care how it is  
you'd still like to get back I  
know how you feel I feel the  
same way. Well I guess I  
dont know shit for now so  
long good luck. Hope the  
hell you get to come home  
soon. God Bless you and  
take care of you.

Your Cal  
Trey
