Hi Brother, accross the ocean,

Greetings from Grant  
land & G.I. 11321197 of the U.S. Army  
Ha! Ha! How are things? Better I hope.  
Are you working? How have you  
been? Hows the women?

It took 8 miserable days by troop  
ship to get here. What a ride! It was  
just like the movies, Ha! Ha! Going  
by the Statue of Liberty. People waving  
goodbye, & lugging that goddamn  
duffle bag up the gang plank.

Its nice here, its a lot cleaner &  
colder. I like it. Its certainly a lot  
different, it'll take time to get use to  
it. They've got some terrific looking  
franklins. And just listening to em is  
enough to get any guy hot. Their  
sexy, & cock teasers. But, can they  
really put out a screw. "Wow!"

And they got the best beer you can  
get in the world, ever hear of back  
beer? Its high powered & it'll  
knock you on your ass, I know Ha! Ha!  
At Ft. Bragg, they had 3.2% beer, here

2.

it goes from 7% to 22%. Everythings  
a lot better, as far as the Army  
goes. In the states its all fucked  
up, over here they know what the  
hell their doing. I'd be glad when  
I get out, theirs only one good life &  
thats civilian. Well Frank its getting  
kind of late so till then when I  
hear from you, take it easy & enjoy  
yourself. I sure as hell am going  
to. I write soon,

Your brother,  
Jerry
