CENTRAL NERVOUS SYSTEM.

BRAIN-No. 9.

DISSECTION TO SHOW THE VELUM INTERPOSITUM AND THE CHOROID PLEXUSES OF THE LATERAL VENTRICLES.

The greater part of the corpus callosum and the body of the fornix have been removed. On the right side the descending horn of the lateral ventricle is opened into; on the left side the frontoparietal operculum has been removed, so as to display the island of Reil.
