

SECTION I

ABDOMEN

Abdominal Wall

- No. 1.—Superficial Fascia.
No. 2.—On the right side, deep Fascia, and on the left, superficial structures of the Groin.
No. 3.—External Oblique Muscle and Aponeurosis.
No. 4.—Internal Oblique, Transversalis, and Rectus Abdominis Muscles.

Inguinal Region

- No. 1.—Superficial dissection.
No. 2.—Saphenous Opening and External Abdominal Ring.
No. 3.—Inguinal Canal.
No. 4.—Posterior Wall of Inguinal Canal.
No. 5.—Inguinal Canal and Sheath of Rectus Abdominis.
No. 6.—Dissection of the Inguinal Canal and Adjacent Regions on both sides of the body.

Abdominal Cavity

- No. 1.—Omentum and Viscera.
No. 2.—Arrangement of the Small Intestine.
No. 3.—Bed of Small Intestine.
No. 4.—Peritoneum on Posterior Abdominal Wall, and the Cæcum.
No. 5.—Viscera in a female subject.
No. 6.—From the same subject as the preceding view.
No. 7.—General view of the Posterior Abdominal Wall and of the Viscera resting on it.
No. 8.—Position of Abdominal and Thoracic Viscera.
No. 9.—Cæcum and Appendix, &c., *in situ*.
No. 10.—Kidneys, Duodenum, Pancreas, &c., *in situ*.

Abdominal Aorta

- No. 1.—To show the Abdominal Aorta, the Bed of Kidneys, &c.

Viscera

- No. 1.—Stomach, Liver, and Duodenum.
No. 2.—The Stomach Bed.
No. 3.—The Stomach viewed from above and somewhat in front.

- No. 4.—The Stomach viewed from behind and below.

- No. 5.—Abdominal portion of the Oesophagus and part of the Liver Bed.

- No. 6.—Spleen, Pancreas, Kidney, and under surface of the Stomach.

- No. 7.—Relations of Duodenum and Pancreas.

- No. 8.—Duodenum, Pancreas, and Bile-Ducts.

- No. 9.—The Liver viewed from above.

- No. 10.—The Liver viewed from behind and below.

- No. 11.—The Liver Bed.

- No. 12.—Two Spleens, viewed from the front.

- No. 13.—Cæcum.

- No. 14.—Mucous Membrane of Intestine.

- No. 15.—Kidneys viewed from the front, the upper pair from a young subject, the lower from an adult.

- No. 16.—Kidneys viewed from behind, the upper pair from a young subject, the lower from an adult.

- No. 17.—Inner Border of the Right Kidney, viewed from the inner side.

- No. 18.—Suprarenal Capsules, viewed from the front.

- No. 19.—Suprarenal Capsules, viewed from behind.

- No. 20.—Pancreas and Bile-Ducts from behind.

- No. 21.—Pancreatic and Bile-Ducts from the front.

Bladder

- No. 1.—Bladder, Prostate, and Seminal Vesicles seen from below.

- No. 2.—Two specimens of the Bladder, Prostate, &c., viewed from behind.

- No. 3.—Two specimens of Bladder, Prostate, and Seminal Vesicles viewed from the side.

Lumbar Region

- No. 1.—Superficial Muscles, &c.

- No. 2.—Erector Spinæ and other Deep Muscles.

- No. 3.—Posterior relations of the Kidneys.

- No. 4.—Kidneys and adjacent Viscera from behind.

- No. 5.—Anterior relations of the Right Kidney from behind.
