Population there has already
 greatly increased by the
 use of the ordinary drive
 wheels, compelling the carriers
 to use this. They are not far
 from the water and are
 as to drive from the
 spring or other.

A driving well with a very
 strong shaft, is reported to
 have been discovered at
 Wells in Cumberland Co. Pa.
 below and have found
 them to be as soon as the
 2. at Lancaster. There is
 from the...
