

January 10, 1969

A Special Session of the Faculty Senate has been called for 4:00 p.m. Friday, January 24, in Austin 132 for the sole purpose of considering proposed curriculum changes in order that these changes can be included in the new catalog. The Agenda Committee will meet at 4:00 p.m., Thursday, January 16, in the A.D. Frank Seminar Room in Austin Building. Curriculum changes subject to consideration are the changes passed by the University Curriculum Committee at its November and December meetings, and any changes that will be made by the Curriculum Committee at its forthcoming meeting on Tuesday, January 14. The latter changes will be distributed before the Agenda Committee meets on Thursday.

If anyone would like Senate consideration of any of these curriculum changes, these items should be placed on the agenda for this special meeting.

Charles L. Price, Chairman of  
the Faculty Senate
