REPORT OF THE COMMITTEE TO EVALUATE SOPHOMORE
LEVEL CLASSROOM ATTENDANCE FACTORS

The Evaluation Committee feels that any meaningful evaluation of Sophomore level classroom attendance factors will involve primarily the analysis of Sophomore level class grades for the Fall quarter, 1970, together with Sophomore level class grades from previous quarters. This phase of the analysis could not begin until the end of Fall quarter when final grades are available.

Since a complete report of the evaluation will not be available until sometime during the Winter quarter, it would seem appropriate that the time period of the trial basis be extended to include Winter quarter.
