XI. Suggestions for Improving the Effectiveness of the Committee

A. The Committee continues to urge that units planning changes be aware of the time required to obtain all approvals necessary for curriculum changes. The Committee is not sure what effect a two-year catalogue will have on implementation of degree changes.

B. The Committee sees no reason to change its opinion (expressed in Dr. Ryan's report of 1976-77) that the first year of membership is essentially an orientation period and that written procedures are not an adequate substitute for experience.
