

UNIVERSITY CURRICULUM COMMITTEE
MINUTES

September 14, 1981

The University Curriculum Committee met on September 14, 1981, in Brewster B-103, at 3:00 p.m. Members present: Grossnickle, Boyce, Broadhurst, Cain, S. Daugherty, Leahy, Moore, O'Rear, Topper. Member absent: Hancock, Holt and ex officio: Brewer, Johnson.

The minutes of April 2, 1981, and August 24, 1981, and September 3, 1981, were approved as previously distributed.

Chairman Grossnickle announced that the last meeting of the Committee prior to meeting the University Catalogue deadline would be November 23, 1981. He also reminded the academic units to send a copy of all proposals to Ms. Myra Cain, representative from the Vice Chancellor for Academic Affairs' Office.

Professor Alfred Wang, Chairman of the Chinese Studies Committee, presented ASAS 2000/CHIN 2000 Chinese Language I which will be double listed in the University Catalogue on page 160 and page 92. He also presented ASAS 2003, Introduction to Chinese Culture. Professor Wang read a letter from the University Librarian who stated additional library materials were not necessary to support the courses. Professor Boyce moved to accept both courses, the motion was seconded by Moore, and the motion passed.

Professor Chestang, Chairman, Department of Geography and Planning, presented the new course proposal, GEOG 5050, 5051, Maritime Charts and Navigation. The course will be double listed in the University Catalogue with COAS (p. 99). The course, initiated by the Geography Department, will be taught by Geography unless other arrangements are made by Geography. Accompanying the proposal were letters of support from Professor W. Queen, Institute for Coastal and Marine Resources, Professor Ragan, History and Professor Martinez, HPERS Department. Professor Chestang stated the required library materials for the course would be purchased from the present library budget for the Department.

The Committee suggested a title change, inserting the word Maritime Charts and Navigation. Professor Chestang requested the approval for a change in the Geography minor requirements as follows: "Required GEOG courses: at least one (1) course from each of the four divisions of geography: physical, regional, economic-human and techniques, plus additional electives in Geography, at least six (6) s.h. of which must be at the 3000 level or above 25 s.h." Professor Moore moved to accept the two proposals as amended, Broadhurst seconded, and the motion passed.

The Committee discussed the revised charge of the University Curriculum Committee. The Committee adjourned at 4:00 p.m.
