Dear Dr. Ragan:

On May 30, 1984, I deferred approval of the voting section of your revised unit code. I now approve that section of your code with the following modification. In the first sentence following the word "program" substitute for the remainder of the sentence the phrase "a faculty member must meet the criteria as stated in Appendix L revised July 1, 1984."

Sincerely,

John M. Howell
Chancellor
