(Insertion of underlined sentence is the amendment.)

I. Attendance, Seating, and Participation

5. Each unit of the University may elect one alternate representative to the Faculty Senate, said alternate being elected in the same manner as Faculty Senators and serving until the time of the next election within the unit. Those units that have more than one senator may elect two alternates. If more than one alternate is elected, they should be elected to staggered two-year terms. Thereafter, the alternate will be elected at the time of regular election of Faculty Senators, and will serve for a two-year term. Alternates shall be eligible for reelection. A unit not having an alternate may elect one at the time of any regular senatorial election. The alternate will represent that unit at the discretion of any senator within the unit, and in such a situation shall notify the secretary of the Senate in writing that he or she is representing that unit and shall do so prior to the convening of the senate session in question.
