Wine and cheese will be served. RSVPs were requested but do not let the fact that you may not have responded prevent you from coming! Some 300 responses have been received from alumni and off-campus persons. The faculty should be well-represented at this event.

5. The Planning Commission met on November 9 and took several actions. Minutes and other materials are on the desks of senators. Please convey this information to your colleagues.

Agenda Item IIIB: The Chair introduced Ron Speier, associate dean and director of Student Services. He spoke on the subject of academic integrity and its history in American education. A document on academic integrity adopted in September, 1983, which sets forth the policy at ECU has been recently distributed to the faculty. A form of more convenient size will come out that can be placed in the Faculty Manual. Vice Chancellor Meyer also welcomed Dr. Speier and noted that his duties will include other aspects of student life besides academic integrity.

Agenda Item IIIC: Faculty Assembly Election of Fifth Delegate and Alternate Nominations for the delegate to the Faculty Assembly and votes cast were as follows:

	First Ballot	Second Ballot	Third Ballot
John Longhill	13	20	24
Robert Fulghum	15	23	28
Sudhakar Madakasira	2	0	0
Constantine Kledaras	6	3	0
Sylvene Spickerman	6	4	0

Vi Rosenfeld	5	4	1
Janet Petterson	4	0	0
Total Ballots	54	55	54
	(No election) (28 votes needed)	(No election) (28 votes needed)	

(A motion after the first ballot to eliminate all but the top two candidates was ruled out of order because balloting had already begun.)

Robert Fulghum was elected on the third ballot to fill the position of fifth delegate to the Faculty Assembly for a three-year term (1984-87)

Election of a Fifth Alternate

The Chair ruled that present alternates would also be eligible for election to the position of alternate serving a three-year term.

Henry Ferrell moved and Crawley seconded that if someone who is currently an alternate should receive the highest number of votes, that this person would be elected to the three-year term, and the candidate who received the next highest number of votes would be elected to replace that alternate. If there were no election, then the two receiving the highest number of votes would be the candidates on the next ballot. The motion passed.

	First Ballot
Stephen Thomas	13
John Longhill	28
Vi Rosenfeld	10

John Longhill was elected to the three-year term (84-87) and Stephen Thomas was elected to fill Longhill's unexpired term until spring, 1985.

The Senate appreciated the efforts of the tellers: Pat Daugherty, William Grossnickle, and Caroline Ayers.

IV. Unfinished Business:
There was no unfinished business.

V. Report of Committees:

A. Faculty Governance Committee

Pat Daugherty presented the Chemistry Code revisions. E. Ryan asked for clarification of which vote on personnel matters would represent the official recommendation to the chairman--the vote of the executive committee or the vote of the tenured faculty. Volpe and Daugherty agreed that the Governance Committee believed it was the intent of the Code that the tenured faculty would represent the official personnel committee and that it was their vote which would be the official recommendation. The report of the committee was approved. Resolution 84-356

B. Curriculum Committee

W. Grossnickle presented the Curriculum Committee report as it appeared on the Agenda and as was distributed to Senators:

- a. Change B.F.A. in Art (except for Art Education)
- b. Change BSBA: Computer Information Systems Concentration in Decision Sciences
- c. Change English degrees: BA, BA with Writing Concentrations, BS.

The committee report including all courses and degree changes was voted on and approved. Resolution 84-367

New Business:

Hough asked for a report on the problems involved for female faculty and staff in regards to E.D.S. and the listing of dependents. Smith explained that the problem has been referred to the Faculty Welfare Committee of the Faculty Assembly so that it can be addressed on a state-wide level. The present policy of EDS requires that if a husband and wife both work for the state, dependents must be listed on the male's contract. On the local level this has created a problem for dependents of female faculty and staff in regards to the discount offered by the Medical School. Jim Rees asked why this was a problem. Mayberry explained that for women faculty in her position, with a husband working for the state but not an ECU faculty member, her dependents could not receive the 25% discount from the Medical School. The Medical School defines a dependent according to the way in which they are listed on the EDS policy. Hough asked if a reply had been received to the letter written by the Chairman. Smith replied in the negative.

Questions were raised concerning the December meeting of the Faculty Senate which will take place during the exam period. Kledaras asked if an appropriate observance of the season might be possible at the December 11 meeting.

The meeting adjourned at 3:20 p.m.
