XI. Suggestions for Improving Committee Effectiveness:

Continue to send one call per year (October) for Summer 1987 and 1987-88 academic year. Send recommendations for all proposals to the Vice Chancellor by March 1, 1987. Send a letter to the author of the proposal regarding the Committee's recommendation.

In addition, the Committee recommends that the following ideas be considered:

1. Blind reading of proposals
2. Revise guidelines to more clearly distinguish between summer and academic year proposals
3. Prepare a different evaluation device for summer proposals
