(For complete details see the catalogue copy attached to your Faculty Senator's copy of these minutes). Hancock moved to approve the proposals as amended. Templeton seconded. The motion passed.

Professors Charles Coble, John Richards, Amos Clark, Patricia Terrell and Donald Spence of the School of Education were present to present the request for changes in the General Education requirements for the B. S. degree in Special Education, Elementary Education, Intermediate Education, and Middle Grades Education. The following persons were present to present their views: Moses Sheppard, Carolyn Hampton, Carol Hampton, Michael Jones, Katharine Hodgins, Robert Bernhardt, Nancy Mayberry, Byron Coulter and Donald Clemens. Dean Coble stated that the School of Education had spent the last eighteen months studying their General Education requirements with the desire to bring them more in line with the other areas. To a question about the impact on the departments involved, Coble stated that he had been given a verbal commitment by the Chancellor and Vice Chancellor that no one would be dismissed because of this change. He also mentioned the possible cross listing or double listing of some of the science courses between Science Education and other science departments. Considerable concern was expressed about being able to meet the necessary competencies if the change was made. It was brought out that the Science Education and Mathematics departments were unaware of the changes until about three weeks prior to this meeting. With regard to the additional hours in Mathematics it was not clear as to whether the student would be allowed to take any course he wanted to or whether he would take new courses the School of Education planned to ask the Mathematics Department to develop to meet the required competencies. Muller moved to accept the proposals. Wease seconded. McMillan moved to table. Carlton seconded. The motion to table passed with 9 votes for and 3 against.

Professor Patricia Terrell, School of Education, presented the request to delete ELEM 4302 and add a new course ELEM 4310. Program Implementation in Early Childhood Education (3) (formerly ELEM 4302), and a change in paragraph 4, line 4 on page 301 of the 1984-86 catalogue. Templeton moved to approve the changes. Wilson seconded. The motion passed.

Professors Frances Daugherty and Robert Edmiston presented the School of Art's proposals to change ART 1900 and 1901 to 1906 and 1907, to revise the BFA, BA, BFA in Art Education and Art minor, to change prerequisites for 35 courses, to change catalogue description for ART 4450, 4451, 4452, and add two new courses ART 4005 and ART 4006. Wease moved to approve the proposals as amended. Hancock seconded. The motion passed.

Professors Emily Boyce and Connie Miller, Department of Library and Information Studies, presented the changes in semester hours, prerequisites and the addition of LIBS 5100. Introduction to Library and Information studies (1) (formerly LIBS 5101). It was noted that the B.S. degree in Library Science was being phased out. Muller moved to approve the changes. Yount seconded. The motion passed.

Professors Robert Bernhardt and Katharine Hodgkin, Department of Mathematics, presented the request to bank MATH 2165, 2166 and to change the prerequisite and catalogue description for MATH 3238. Daugherty moved to approve the changes. Carlton seconded. The motion passed.

The policy on General Education credit for Interdisciplinary courses and the European Studies Minor were postponed.

Professor Robert Gowen presented the request to bank ASAS 3010, 3011, and to revise the Asian Studies Minor. (See catalogue copy for details). He also requested that ASAS 2004 Introduction to Japanese Culture (3) be approved without credit toward General Education. Wease moved to approve the proposals. Grossnickle seconded. The motion passed.

Complete details may be found in the catalogue copy distributed to all Faculty Senators.

The meeting adjourned at 6:00 p.m.

Respectfully submitted,

Stella Daugherty, Secretary
Curriculum Committee
