

CURRICULUM COMMITTEE MINUTES  
February 27, 1986

The Curriculum Committee met Thursday, February 27, 1986 at 1:30 p.m. in Brewster B-103. Members present were: Topper, Muller, Hancock, McMillan, Yount, Steele, Templeton, Carlton, Grossnickle, Daugherty, Cain (ex-officio) and Lassiter (student).

Members absent were: Wease and Perry (student).

The minutes of January 23, 1986 were approved as written.

Professor Stephen Heater, Department of Occupational Therapy, presented the request to delete OCCT 3011, 3013, 4011, 4022, all 0 s.h. credit. This change affects the Degree in Occupational Therapy and several prerequisites. (See Catalogue Copy for details.) Steele moved to approve the changes as amended. Hancock seconded. The motion passed.

Professor Carson Bays, Department Sociology, Anthropology and Economics, presented the request for a new course ECON 1000. General Economics (3). He indicated that he had contacted the persons involved with the following majors and minors: Cognate Minor for Professional Officers; Business Administration Minor; Food, Nutrition and Institutional Management Majors; Clothing and Textiles Major; Bachelor of Science in Business Education; and Minor in Military Science. All of these indicated that where ECON 2113 is required it should be changed to ECON 1000 or 2113. Lassiter moved to approve the course as amended. Carlton seconded. The motion passed.

Professor Emilie Henning, School of Nursing, presented the request for a new course NURS 3205. Health in the Older Adult (3). She stated that no additional staff or resources were necessary for the course. Yount moved to approve the course as amended. Topper seconded. The motion passed.

Professor Grossnickle moved that GEOL 5710, 5711, HIST 4670, and CHEM 5760, 5761 be removed from the Curriculum Bank. Daugherty seconded. The motion passed.

Professor Grossnickle moved to delete FREN 2100, 2115, 2228. McMillan seconded. The motion passed.

The changes in General Education forwarded to the Committee by the General College Committee were discussed. The requirement that science majors must meet the science requirement outside their major field brings this in line with the similar requirement with regard to Social Science. That Broadcasting not be counted as a Fine Art clarifies a mix-up made when Drama and Speech became the Department of Theatre Arts and introduced new prefixes for these courses. The request to reduce the number of required hours in social science from 13 to 12 was suggested to make meeting this requirement easier. In the discussion it was pointed out that this particular change could possibly affect every degree in some way. Carlton moved that the changes be approved. Templeton seconded. The motion passed. Carlton then moved that in view of the affect this would have on all degrees that this change not take effect until the 1988-90 catalogue, thereby giving all schools and departments time to make any degree changes this might require. Daugherty seconded. The motion passed with one dissenting vote.

The meeting adjourned at 3:00 p.m.

Respectfully submitted,  
Stella Daugherty, Secretary
