MEMORANDUM

TO: Members of the ECU Faculty Senate

FROM: Dave Hart, Jr. *DH*

DATE: February 21, 1995

RE: Expression of Appreciation

I had fully intended to be present today to personally express my appreciation to all of you relating to what I considered to be a very open and positive relationship with the Faculty Senate during my tenure at ECU. Due to a last minute adjustment regarding the timing of a press conference to announce an exciting future television agreement for ECU, I could not be with you today.

I got to know many of you personally and professionally over the years. It is relationships, and the mutual respect that accompanies those relationships, that make leaving Greenville and ECU so very difficult. I will always appreciate your sincere interest in the welfare of our student-athletes and the manner in which the Faculty Senate communicated with me and our department. Shoot, I even got a kick out of a couple of those silly questions and comments, i.e., "Dave, I think the Faculty should get first choice of seating location at bowl games, don't you?"

It was a pleasure for me to have served as the Director of Athletics at East Carolina University. It is an experience I will always treasure. Thanks for making such an important contribution to my many fond memories of ECU.

I wish you the very best in the years ahead and God bless you all.

DH/bs
