Professor Patricia Anderson, Chair
Faculty Senate
East Carolina University

Dear Professor Anderson:

I am embarrassed that I did not respond to all points in your letter of April 28, 1995. My attention was directed completely toward resolutions #95-18 through #95-28 and I overlooked the need to sign the Unit Codes and to consider resolution #95-29.

The Unit Codes were signed by me this morning. Resolution #95-29 is advice to me relative to next year's budget. I accept the advice and will do whatever is possible to soften the blow to the Library periodicals budget. It is difficult to know presently how severe the budget cuts may be from the General Assembly. Please know that I share the Faculty Senate's concern in this matter.

Sincerely,

A handwritten signature in cursive script, reading 'Richard R. Eakin'.
