Prior to the election of officers for 1998-1999, Professor Don Sexauer, Chair of the Faculty stated that at the last Faculty Senate meeting, during the discussion on the Academic Computer Use Policy, he had made a statement that he would like to now correct. In the discussion he was to have said that "we have a very conservative University Attorney who doesn't care about the faculty." Professor Sexauer stated that in the heat of the discussion this was not a good choice of words or in his opinion a fair description of the University Attorney. He stated that he would like to apologize to the University Attorney and to the Faculty Senate for making such comments. He stated that he would not like to give the body the impression that the University Attorney was indifferent to faculty for he does not feel this is the case. In dealing with the University Attorney on other university policy matters he has always given consideration to faculty concerns. Chair Sexauer noted that in Walter Pories speech at Fall Graduation a year ago he cautioned the audience to be careful of what they say in public. In this instance, Chair Sexauer noted that Pories' words had come back to haunt him.

The following faculty members were elected as the 1998-99 Faculty Officers:

Brenda Killingsworth (Business), Chair of the Faculty  
Donald Neal (Geology), Vice Chair of the Faculty  
Jeanette Dolezal (Medicine), Secretary of the Faculty

A parliamentarian will be selected prior to the start of the 1998-99 academic year.

It was moved and seconded to consider new business from Professor Rita Reaves (Industry and Technology) concerning the recently approved Faculty Senate resolution #98-15 concerning nontraditional formats. Professor Reaves moved to rescind the Ad Hoc Committee's report due to the fact that the revised report was not made available to the Senate until the start of the meeting. This action, coupled with the change in the agenda format, did not allow faculty sufficient time to view the revised report and reflect on its content. Joyce (Physics), chair of the Ad Hoc Committee, briefly explained the reason for the delay in providing an accurate committee report prior to the meeting. Following a vote of the faculty, the motion to rescind the Ad Hoc Committee's report failed.

The following faculty members were elected to serve new terms on the various Academic, Administrative, Appellate, Board of Trustee, Student Life, and Student Union Committees.
